Petition Eyed To Annex Property In CISD Into Amarillo School Dist.

By CARROLL WILSON

A petition calling for annexation by the Amarillo Independent School District of several sections of soon-to-be-developed land which is now in Canyon Independent School District loomed as a possibility this week.

The News has learned that several developers in the northern portion of the Canyon School District, apparently feeling that the fact that children living in their developments would have to go to Canyon schools might hamper sales of their property, are supporting the petition effort.

The land in question is west of Coulter Road and along the north county line into the Bushland Independent School District, then south along the east side of the Bushland district to a point then back to Coulter.

County Judge Woody Pond, Dr. Dudley Moore, president of the local school board, and Robert Ashworth, Supt. of Amarillo schools, are among those who confirmed that a petition is expected on the annexation.

"I've heard they're going to circulate a petition in the area they're thinking about annexing," said Pond, who is ex-officio superintendent of the County School Board. "I have heard that some of the county school board members have been contacted about it. Bob Ashworth gave me the information that there is a move to circulate a petition in that area."

Pond said Ashworth asked him for a list of the names of the members of the county school board and also asked which members are facing election this April.

"He said the developers are the ones who asked about doing it (petitioning)," Pond said.

Ashworth passed the apparent petition interest off as a once-a-year occurrence.

"The request, as far as I know, is one that comes in annually to seek how the area could be brought into the Amarillo Independent School District," he said.

School Board President Moore said he was contacted recently by Amarillo School Board member Dr. Jeff Moore about the possibility of a petition.

Moore said he told the Amarillo board member he felt the Canyon board would not be anxious to see the property annexed by Amarillo.

"I don't know what will be done," Moore said. "We will discuss it on March 13."

No other Canyon school board members who were available for comment had been contacted by Amarillo school representatives about the possible petition.

County School Trustee Don Marsh of Amarillo said he had been contacted about the possibility.

"I'm curious to see who comes up with what kind of figures," he said. "I said that I'm willing to listen."

Mrs. K. Bert Watson, another county school trustee from Amarillo, said she had no comment. She said she has not been contacted "yet."

Bob Skinner, trustee from Amarillo, said he had been contacted, but any information must come from Pond.

Pond said Skinner was contacted by Amarillo School Board member Peter Dallas and told that a petition would probably be circulated on annexation of the land.

Pond quoted Skinner as having said that Dallas told him the Amarillo board had been approached by developers to see if annexation of the property was acceptable.

The controversy over the annexation apparently stems from the construction by the Amarillo board of the new Amarillo High School only a short distance from the Canyon Independent School District line in the northern portion of the county.

The Canyon district is within a short distance of the new school site on two sides.

Last fall, developers just south of the Amarillo High building approached School Supt. Jerry Jacobs about the property and Jacobs told school board members at that time that the developers had asked if the CISD planned to build a school in that area in the near future.

Bill Simpson, one of the developers of what was billed as a 100-house project when it was announced last fall, said he approached the Canyon board last fall and "asked them to release the property to the Amarillo Independent School District."

Simpson disavowed Wednesday any knowledge of the petition movement but later said he would not commit himself on any comments about the movement because he had "not seen it (the petition)."

Simpson said, though, that he wants "adequate schooling out there.

"We have a big investment. That's not to fault the Canyon school system but I don't think

(See PETITION, Page 5)

Monday was a good day just to take a walk with your grandfather as temperatures rose into the 60s and winds died to a calm.

Oil Portrait Of Slim Johnston Is Presented

An oil painting of late Randall County Sheriff L.S. "Slim" Johnston was unveiled before his family and the public Monday afternoon during a meeting of Randall County commissioners.

U.G. Berry, Amarillo, who chaired a committee to raise funds for the painting, presented the work to the county.

About 20 persons, including members of the late sheriff's family, current sheriff's deputies and other officials, viewed the unveiling.

Randall County Judge Woody Pond said he will confer with Mrs. Johnston about where the painting will be located in the courthouse here.

Berry was appointed by the County Democratic executive committee in late August to head the fund drive.

Mrs. Simon Elliott of Happy read a thank-you note from Mrs. Johnston, who was present at the presentation.

Sheriff Johnston, who served Randall County for twenty years, died Aug. 14, 1972, of lung cancer. He was first elected to office in 1953.

U. G. Berry, left, presented Monday a portrait of the late Randall County Sheriff L. S. "Slim" Johnston to Randall County commissioners. Mrs. Johnston, right, was present for the unveiling ceremonies. The portrait will be placed in a prominent position in the courthouse in Canyon.

Study Will Be Initiated On Courthouse Annex

Construction of a new Randall County courthouse annex in South Amarillo was proposed Monday by Commissioner John Fulgenzi, who said the current facility is overcrowded and badly in need of repair.

Commissioners approved initiation of a study to determine whether a new annex is needed, whether a new one should be built or the old one rejuvenated and expanded.

Commissioners also selected Canyon's First National Bank as county depository for the next two years after the bank was asked to alter its original bid and West Texas State Bank had withdrawn its bid.

"I'd be inclined to sell it (the old annex in South Amarillo)," Fulgenzi told commissioners, "and buy a new one."

The commissioner said the current annex, which houses a branch of the tax assessor-collector's office, a juvenile probation office, sheriff's office and justice of the peace office, was constructed in 1956 "and nothing has been done to it since."

In 1960, Fulgenzi said, the county population was 33,913 with the Amarillo and rural population totalling about 28,000.

In 1972, he said, more than 40,000 persons in South Amarillo must be serviced by the existing annex.

He produced figures which indicate that 22,000 voters in South Amarillo registered through the annex, about 80 per cent of the county population pays taxes through the office and registers motor vehicles through the annex.

"The facilities up there are inadequate," he said. "The people deserve a better facility to conduct their business.

"The walls are cracked and the foundation has settled. I'd say let's get a new location—make a land study and select a new site and start over from scratch."

Commissioner Bill Butler echoed Fulgenzi's desire for initiation of a study.

"I think this is a good time to start studying," County Judge Woody Pond said. "We need to project ahead and don't get in this situation again 10 years or 15 years from now."

The judge stressed that the study "can't be done overnight."

Final decision on the county depository, an issue which has caused controversy on the court for three weeks, came after several suggestions and finally a motion from Commissioner Jim

(See ANNEX, Page 5)

One Man Found Guilty, Another Has Mistrial

One Amarillo man was found guilty of sale of marijuana Wednesday morning and another sat through a half-day of court Monday only to have his proceedings declared a mistrial in 181st District Court here.

Allan D. Manning, who was arrested in the mid-October drug raids in Potter and Randall counties, was convicted on the sale of marijuana charge after a full day of testimony Tuesday and a morning deliberation by his jury Wednesday.

Larry A. Cate, who also was arrested during the October drugnet, sat through about three hours of proceedings Monday before Judge Don Dean declared a mistrial on the basis of a question asked of a defense witness by Dist. Atty. George Dowlen.

During the Manning trial, Prosecutors Dowlen and Jim Blair presented their case through an undercover Department of Public Safety agent, and a DPS chemist.

Ronnie Tucker, narcotics agent, testified that on the night of Aug. 2, 1972, he was approached by Manning and asked if he would like to buy four lids of marijuana for $12 each. The agent said he agreed to the deal and on the evening of Aug. 3, Manning, his wife and another woman came to Tucker's apartment where they sold him two lids of marijuana for $13 each.

Tucker testified that later that evening, he went with the Mannings to another apartment house in Potter County, where he witnessed Manning selling another lid of marijuana to another youth.

Pat Donley, chemist for the Lubbock Department of Public Safety office, testified that the substance purchased by Tucker was analyzed and determined to be marijuana.

Defense attorneys Selden Hale and Jim Brown presented their case through several persons, including the defendant.

Connie Smith testified that she had rented a Randall County apartment to a Preston and Cathy Duckworth and that the apartment was rented in the name of Tom Hefner, another DPS undercover agent.

She testified the first month's rent was paid by Hefner, but all subsequent payments were made by the Duckworths.

Hefner, also called by the defense, denied he had rented the apartment for the Duckworths.

Bert Keith of the Potter-Randall Metro Intelligence Unit testified that Duckworth had worked for him as an informant in connection with several drugstore burglaries in Potter County. He said he knew Duckworth was under indictment on burglary charges and had asked the Potter County District Attorney's office to dismiss the charges in view of Duckworth's aid in solving some burglaries.

(See MISTRIAL, Page 5)

Homicide By Vehicle Charge Filed In Monday Accident

A misdemeanor charge of homicide by vehicle was filed Tuesday against the driver of a vehicle involved Monday night in a two-car crash which resulted in the death of an 18-year-old West Texas State University student.

Randall County Dist. Atty. Bob McClendon said the misdemeanor charge was filed in county court against Joe Glenn Garrison, 19, a WTSU student from Dalhart.

Garrison was driver of a late-model car involved in a wreck about 10:55 p.m. Monday at U.S. 60 and the VFW Road just outside the northwest Canyon city limits.

A passenger in his car, Miss Judy Ann Parker, 18, of Amarillo, died about 12:02 a.m. Tuesday at Neblett Hospital as a result of the accident, which injured three other persons.

James Haley, patrolman with the Department of Public Safety, said the Garrison vehicle was southbound on the VFW Road and a pickup truck driven by Lloyd F. Kriling, 39, of Amarillo, was eastbound on U.S. 60.

Haley said Garrison's vehicle collided with the Kriling vehicle

(See WRECK, Page 5)

WT Senators Try Again On Request

With no reply to their original request and with one petition already circulating on campus, student senators at West Texas State University voted Monday to again contact Board of Regents Chairman Cloyce K. Box about placing a student on the screening committee which is reviewing applications for the university presidency.

Senate President Charles Barker said the student governing body passed a resolution on Feb. 5 seeking student representation on the screening committee, which is meeting weekly to review applications for the presidency.

That resolution along with a letter signed by Barker was sent through Dr. James P. Cornette, university president, to Box, who lives in Frisco.

"We sent it two weeks ago," Barker said. "We had no response to the resolution and it was the opinion of the people on the Senate who sponsored the (Monday) resolution that's why we should do it again."

Barker said he has "no idea" why the senate has received no response to its letter.

"I know it went to Dr. Cornette's office," he said. "I don't know whether it was forwarded."

Cornette said Tuesday the letter came to him through Dr. T. Paige Carruth, vice president for student affairs, and "I did send it on.

(See SENATORS, Page 5)

Four Girl Eagles Named For All-District Team

The Canyon girl Eagles, who overcame a lack of experience and height and almost repeated as AAA State Basketball Champions, placed four players on the All-District first team and a like number on the second team.

Named to first team honors were forwards Kim Killingsworth and Sheryl Gunter and guards Carla Ratliff and Lynn Davis.

Second team berths went to forwards Alisha Nelson and Mendy Sternenberg and guards Susan Hull and Judy McBroom.

Muleshoe placed two first team forwards, two first team guards, one second team forward and two second team guards.

After downing Muleshoe twice in two nights to gain district honors, the Eagles bounced Stephenville in regional play to advance to the state tourney.

A win over Calhoun put the Canyon squad into the finals where they dropped a close championship game to Angleton 57-55.

Coach Bob Schneider, who has guided Canyon girl teams to six straight district titles and two state crowns, said following the state tourney that he felt the girls had done a "real good job.

"I'm sorry we lost it," he said of the final game in Austin. He cited the last quarter of the Angleton game as being the deciding factor. "We lost some of our poise in the last quarter and never got it

(See EAGLES, Page 5)

It was not exactly perfect kite-flying weather Monday since there was little if any wind, but these boys took to an open vacant lot, anyway, to get their kites into the air.

Vincent Price Due Here For Speech Friday Nite

Vincent Price, villainous aristocrat of Hollywood films and in real life one of the world's best known bon vivants, will lecture at West Texas State University, Friday night.

His 8 p.m. appearance in the Activities Center ballroom is under auspices of the WTSU Special Programs Committee.

Born in St. Louis, Price's initial aim in life, he says, was to become a teacher and collector of art, an aim stimulated by his purchase of a Rembrandt etching when he was only 12 years old.

He attended the Country Day School in St. Louis and went on to major in art at Yale University. He continued his studies at London University while working toward a master's degree.

While in London he satisfied another artistic interest—the theatre. His first major role was in "Victoria Regina," which was later brought to New York by Gilbert Miller. Price returned to the U.S. with the company to play Prince Consort Albert opposite Helen Hayes as Victoria.

Since then, Price has been a leading film, television and stage star. He has starred in more than 100 films, among the best known of which are "Song of Bernadette," "Laura," "Dragonwyck," "House of Seven Gables," "Ten Commandments" and "Story of Mankind."

It was as a guest on the late Edward R. Murrow's "Person to Person" program that a nationwide audience was introduced to Vincent Price, the art connoisseur. A patron of several contemporary American artists, as well as a collector of major works, Price writes a weekly arts column for the Sunday Chicago Tribune.

He has received an honorary doctor's degree from the California College of Arts and Crafts, and an LL.D. from Ohio Wesleyan University. He is on the board of the archives of American Arts, on the national committee of the Whitney Museum of American Art in New York and a member of the Royal Academy of Arts in England and the Art Council of the University

(See PRICE, Page 5)

High temper (reasonably controlled) is a mark of good citizenship—but we tend to remember the few bursts of temper of which we are proud and to forget the many of which we are ashamed.

by Troy Martin FROM THE CANYON RIM

A group of Amarillo developers are trying to pirate a big chunk of Canyon Independent School District.

They are not thinking about what would be good for the two communities involved. They're thinking about selling houses and lots.

In my opinion they are near sighted. The fact that the land they plan to develop is in the Canyon school district enhances its salability.

Canyon has one of the best school systems in the state. I know a lot of people who have moved into the district simply because of the quality of the schools.

Canyon school system has repeatedly been chosen for pilot programs because of its excellence. Campus disturbance here has been negligible. Canyon is the education center of the Panhandle.

It is inconceivable to me that people in the Canyon school district — even those in south Amarillo with a 15 minute bus ride to CHS — would want to be annexed to Amarillo School District. I don't think they want this at all and I don't think the life of this community should be disrupted to serve the mercenary purposes of a few developers.

Possibly these developers might take a different view if they knew the extent of upheaval and sometimes violence that has plagued Amarillo campuses. I've been told by Amarillo teachers that the disturbances which have made the news are only a fraction of what has actually gone on.

I'm sorry for this and I hope Amarillo school officials can find a remedy, but the people of Canyon school district are a part of the Canyon community even if they live in South Amarillo. I'm not willing to see them swept into a situation with as many problems as Amarillo Independent School District has amassed without being made fully aware of what they're getting into.

I don't want it rammed down their throats but if the people in the area involved want to join Amarillo School District after a full disclosure then so be it.

First I'd like to see a disclosure of the number of billies, switch blades and Saturday night specials taken up in the hallways of Amarillo public schools. I'd like to see a full accounting of incidents of violence in the halls and on the campuses of these same schools.

Then if the people in the north part of the CISD vote to do so let them join the AISD and I'll say God speed.

* * *

Then there is the question of where does it end? Most of Amarillo's future development will be southward into the Canyon School District.

How much more of our real estate will be demanded as Amarillo grows? How much of our bonded indebtedness would Amarillo school district be willing to assume if we allow this aggression?

The answer is simple. Gene Howe School was built by Canyon school district when the pupil load in the area justified it.

In the next five or 10 years Canyon school district will build a junior high and a high school to serve the area.

* * *

It's about time the Panhandle — especially Amarillo and Canyon — find points of agreement and begin working together. From what I can gather, cooperation between Amarillo and Canyon Chambers of Commerce has never been closer.

I hope it is not disrupted by petty bickering in the court house or lost in an arguement over school district lines.

If this happens, thwarting the area's development, a bunch of toothless old men may be arguing over meaningless questions 20 years from now because the kids will be gone.

* * *

The quest for a new president for West Texas State University goes on in relative secrecy.

The screening committee has met five times in Amarillo and at this point is holding weekly meetings. Grapevine reports say there has been 23 applications for the job but members of the committee aren't talking.

Wayne Rankin, a member of the group, says it has nothing to report but notes that the committee is getting "quite a few" applications.

Rankin is confident that the next president of the university will be chosen from the applicants submitted to the board of regents by the committee.

"Week" To Honor Public Schools

Canyon public schools, along with school systems all across Texas, are observing next week, Monday through Friday, as Texas Annual Public Schools Week and are celebrating the 119th year of public schools in the state.

In Canyon, the week will be marked by open house visits by parents and by special displays and programs, said superintendent Jerry Jacobs.

On Monday, from 7 until 9 p.m., Gene Howe Elementary in South Amarillo will hold an open house and a P.T.A. meeting. Canyon High School will conduct a parent visitation on the Commons from 7 to 9 p.m. at which time administrative members will give an explanation of the new quarter system being adopted by the Canyon school system. Also during that time, parents may visit with teachers. Refreshments will be served at the high school gathering.

Beginning at 7 p.m. Tuesday, Canyon Junior High School will host an open house. During the two hour period, a choir program will also be presented.

At Rex Reeves Elementary School on Thursday, also from 7 to 9 p.m., an open house will be held along with their annual Science Fair.

An estimated 40 to 50 displays will be entered in the Rex Reeves Science Fair and after judging, the winners will compete in the Panhandle Science Fair scheduled for April 6, 7 and 8 at Amarillo's Tri-State Fairgrounds.

Service clubs will also be guests of the schools during the week, with the Rotary Club meeting at Gene Howe on Tuesday, The Noon Lions at Rex Reeves on Wednesday and the Kiwanis at the high school on Friday. All will be luncheon meetings.

According to Supt. Jacobs, interested persons will be welcome to visit any of the schools during any time of the school day.

Both Randall County Judge Woody Pond and Canyon Mayor J. Manly Bryan signed proclamations designating the week of March 5-9 as Texas Public Schools Week in the county and city.

Gene Howe Parents Seek Street Improvement

Concerned parents of the Gene Howe Elementary School PTA began Monday circulating a petition calling for the widening and improvement of a South Amarillo street which leads into the school.

PTA President Troyce Mulherin said she has also contacted Amarillo city officials and received their full cooperation in seeking Amarillo city commission approval of the request.

The school's PTA voted recently to circulate the petitions, which call for widening and filling the drainage ditches along Lamont Street between Alamo Road and Hollywood Road in the northern portion of the county.

Mrs. Mulherin said the two-lane street currently presents an extremely hazardous condition to drivers and school-age children who must walk or ride bicycles in the street to get to school.

"The kids don't have a place to walk except on the paved portion of the street," she said. "When the road is used in rush periods, the only place the kids can go is in the ditches."

Mrs. Mulherin said children are forced to ride their bicycles or walk in barrow ditches which are usually water filled and weed infested when traffic is heavy on the street—usually in the mornings and afternoons before and after school.

"We'd like to see it widened and bike lanes designated and a little curbing," she said. "If we could get bike lanes, the kids could walk on that."

She said the Gene Howe PTA had been approached earlier this year by a group of concerned parents about the hazard of Lamont Street and subsequently voted to circulate the petitions.

"I talked with a man with the City of Amarillo and he was very nice and gave me the list of things we must do to have the street widened," Mrs. Mulherin said.

The petition reads: "We, the undersigned, are required to use Lamont Street between the hours of 7:30 o'clock a.m. and 8:45 o'clock a.m. and/or between the hours of 3 o'clock p.m. and 4 o'clock p.m., in the operation of a motor vehicle.

"Due to the present condition of the street, it is extremely hazardous and dangerous to operate a motor vehicle thereon during the above hours, as the street is used by children attending Gene Howe School. For the protection of both the public and the children attending the school, this street should have the drainage ditches on either side filled and the street widened and paved. Designation thereon of bicycle lanes would be helpful . . ."

Burglars Hit Two Homes

Two houses in rural Randall County, one vacant and one occupied, were burglarized last weekend in the second rash of rural area burglaries in eight months.

Chief Deputy Recil Johnson said he does not yet know whether there is any connection between the weekend burglaries and a half-dozen burglaries perpetrated in the rural county area last fall, which resulted in the posting of a reward by several citizens.

The home of Jerry Swaringen, north of Happy on Washington Street, was burglarized some time Saturday.

Almost $800 in cash and equipment was taken from the house, while the Swaringens were away from home.

Taken was $150 cash, a cassette tape recorder, a large tool box valued at $500, a skill saw valued at $50 and an electric drill valued at $65.

A vacant home owned by Earl Lamb eight miles west of the Canyon E-Way on Hollywood Road was also burglarized Saturday.

Burglars gained entrance through an unlocked front door. About $800 in farm toys were taken in the burglary.

Johnson said the modus operandi used in the two burglaries was similar to the half dozen burglaries which occurred in the rural county area during July, August and September of 1972.

Several local residents put up a $500 reward for evidence leading to the arrest and conviction of the burglars in September. More than $3000 in goods and cash was stolen during those burglaries from the six homes.

Local Artists To Exhibit

E. Grace Brown and Ann Carlisle will exhibit a number of their works in "The Canyon Creek Art Show," this Saturday and Sunday, March 3 and 4, in Apt. 51 of the Canyon Creek Apartments.

E. Grace Brown's formal study in art has been principally at West Texas State University. Before coming to Canyon, she and her family lived in many foreign countries and her past experiences have influenced her art.

Since coming to Canyon, Ann Carlisle has studied under Jerri Warren, Ann Palmer, and Emilo Caballero. Her previous accomplishments include being first-place winner in the McClarty Ford Art Contest, Texarkana, Lubbock Art Show, Starving Artist Show in Amarillo. Her etching "Cold" has been selected to be on permanent display in the Administration Building at WTSU. She is now chairman of the Wives, Etc., Art Interest Group.

Etchings, lithographs, oils, water colors and charcoal sketches will be on display.

Services Held For Canyon Man

Joseph Raymon Guiteras, 84, who had lived in Canyon since December, died Monday morning at Neblett Hospital here.

Graveside services were held Tuesday afternoon at Mt. Olivet, Denver, Colo.

Mr. Guiteras came to Canyon to be near his daughter, Mrs. John T. Reeves of 910 25th St. A native of New York City, he moved here from California.

Mr. Guiteras was a graduate of Columbia University, a veteran of World War I and had taught mining and petroleum engineering at the University of Missouri and University of Wyoming, where he was head of the department. He had been a member of Sigma Chi and Sigma Xi.

Survivors other than his daughter are a son, Joseph J. of Woodland Hills, Calif.; a brother, Harold G. of Cleveland, Ohio, and nine grandchildren.

WT Golf Team At Laredo

West Texas State University's golf team, after making a strong showing last weekend, competes this week in Border Olympics at Laredo.

The Buffaloes will play at Laredo Thursday, Friday and Saturday in the tournament against most of the outstanding collegiate teams in the Southwest.

Coach Vern Farquhar's Buffaloes earned third place honors Saturday in the Southwest Recreational Tournament at Fort Worth. The Buffs recorded a two-day 36-hole total of 609. North Texas State won the 18-team tourney with 586 points and Houston Baptist had 603.

Jerry Boeka, junior from Amarillo, recorded rounds of 73 and 74 to pace the Buffaloes. Canyon Sophomore Randall Burton had rounds of 75 and 75 to follow Boeka.

Other entries this week in the Borger Olympics are Junior Salinas, Eddie Kilmer, Andy Lawler and John Hood.

State Seminar Headed By Poff

Rep. Bryan Poff of Amarillo chaired a seminar in the Governor's Conference on technical-vocational training held Tuesday in Austin.

The conference is designed to further the development of technical-vocational training in the educational institutions of Texas, said Alton Nice, executive director of the advisory council for technical-vocational training in the state.

"We chose Poff to head the seminar because of his deep and abiding interest in education . . . particularly vocational and technical," added Nice.

Poff chaired the seminar on personnel development which deals with coordination, leadership, viable laboratory experiences and vocational training.

The conference was a two-day affair and, according to spokesmen, helped access the progress made in the state since the last conference and helped plan for future development in technical-vocational training.

"I am certainly pleased to take part in the conference," Poff said. "Recently the state has made great strides in the area of education. Hopefully we will see many more years of progress and development in vocational training."

Dory Funk Jr. Injured In Crash

Dory Funk Jr., World's Champion Wrestler, suffered a minor shoulder injury Wednesday morning when the pickup truck he was driving overturned in the creek near Buffalo Lake Dam on State Highway 168.

He was reported in good condition late Wednesday at Neblett Memorial Hospital where the injury was described as "not a fracture."

Dory Funk Sr., also a professional wrestler, was a passenger in the truck but was not injured, spokesmen said.

According to initial reports, the younger Funk was pinned inside the overturned truck for several minutes before being freed. The truck reportedly was in the water but was not submerged deep enough to threaten drowning.

Murder Trial Postponed

Murder trial of Marvin Edward Lolmaugh, 30, of Amarillo, accused in the shooting death of his father-in-law, was postponed Tuesday until April 2.

Dist. Atty. George Dowlen said the trial was delayed due to the length of two trials this week and subsequent lack of sufficient numbers of jurors.

Lolmaugh was due to go on trial Wednesday in 181st District Court here.

He is charged with the Nov. 7, 1972 shooting of Leonard Eugene "Pinky" Mullins of 4430 S. Lipscomb in Amarillo.

The shooting occurred on the parking lot of Betty's Cafe in South Amarillo.

WT Tracksters On Week Off

West Texas State University's track team takes this week off before opening its outdoor season Saturday, Mar. 10, at Portales against strong Eastern New Mexico University.

The Buffaloes placed fourth Saturday in the Missouri Valley Conference Indoor Championships at Des Moines, Ia.

West Texas got a trio of first places from a pair of athletes. Carl Brown, for the third time in three years, won both the 50-yard high hurdles and 50-yard intermediate hurdles. Cecil Hood recorded a first place in the high jump.

Warren Snow, who has twice won the MVC outdoor pole vault championship, placed second in the indoor event with a 14-6 effort.

Defending champion Drake rolled up 92 points to win the meet. North Texas State was second with 45½ points, while Wichita State was third with 42 and West Texas had 40½ for fourth. Others in order of finish were Memphis State, New Mexico State, Bradley and Louisville.

Coach Bob Kitchens gave his Buffaloes off two days and started workout again Wednesday.

A real eye-opener to electric heating costs

electric heating estimate

Electric heating operating cost estimates usually surprise our customers. They expect electric heat to cost a good bit more. A factual, easily understood, written estimate opens their eyes to the fact it can cost little more than they've been paying. Thousands of our customers are heating electrically now because they asked for the facts about electric heating costs. Phone us today for an estimate. It's free. It's accurate. And, it's a real eye-opener.

NOTICE OF ELECTION
TO ALL RESIDENT QUALIFIED ELECTORS OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT:

NOTICE is hereby given that an election will be held on the 7th day of April, 1973, in SOUTH RANDALL COUNTY HOSPITAL DISTRICT for the election of four Directors, said election to be held in accordance with the resolution and order passed by the Board of Directors of said District on the 19th day of February, 1973, said resolution and order being made a part of this notice for all intents and purposes.

THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the attached resolution and order of the Board of Directors of South Randall County Hospital District and under authority of law.

WITNESS OUR HANDS AND THE SEAL OF SAID DISTRICT, this the 19th day of February, 1973.

Mrs. T. G. Hull, Jr.
President, Board of Directors
South Randall County
Hospital District

ATTEST:
Mrs. Nolon Henson, Jr.
Secretary, Board of Directors
South Randall County Hospital
District

RESOLUTION AND ORDER BY THE BOARD OF DIRECTORS OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT CALLING AN ELECTION FOR THE PURPOSE OF ELECTING DIRECTORS

WHEREAS, by virtue of the provisions of Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971, it is necessary that an election be held in SOUTH RANDALL COUNTY HOSPITAL DISTRICT on April 7, 1973, for the purpose of electing four Directors for such District to serve until the first Saturday in April, 1975, and thereafter until their successors have been declared elected and qualified; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 7th day of April, 1973, within said South Randall County Hospital District, for the purpose of submitting to the resident qualified electors of said District the following:

THE ELECTION of four Directors for said SOUTH RANDALL COUNTY HOSPITAL DISTRICT to serve until the first Saturday in April, 1975, and thereafter until their successors have been declared elected and qualified.

SECTION 2: That the manner of holding said election shall be governed by the General Laws of the State of Texas, except as otherwise provided by Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971, and all resident qualified electors shall be entitled to vote.

SECTION 3: To be eligible for the office of Director a person must be a resident of the district, a freeholder, and a qualified voter.

SECTION 4: The said election shall be held at the Community Center, Canyon, Texas, and the entire District shall constitute one election precinct for said election, the Presiding Judge shall be Bill Davis and the Alternate Presiding Judge shall be John Womack.

The Presiding Judge shall appoint at least two (2) clerks to assist in holding such election.

ABSENTEE VOTING shall be conducted by Mrs. Betty Ferguson at Neblett Mem. Hosp. 508 16th St. at Canyon, Texas, in accordance with the provisions of Article 5.05, V.A.T.C.S. Election Code, and said Clerk shall keep his office open between the hours of 8:00 A.M. and 5:00 P.M. on each day for absentee voting which is not a Saturday, a Sunday, or an official State holiday.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S., Election Code, and that written or printed on such ballots shall appear the names of the candidates for directors who have submitted a proper petition under the provision of Chapter 200, page 1017, Acts 62nd Leg., Regular Session, 1971. Persons desiring to have their names appear on the ballot may obtain forms of petitions to be completed from Mrs. Nolon Henson, Jr., Secretary of the District.

SECTION 6: The election officials shall make due returns of said election within five (5) days of the date of holding the same.

SECTION 7: The Board of Directors shall give notice of the election herein ordered by publishing a true copy thereof, signed by the President and attested by the Secretary, in a newspaper of general circulation published in Randall County, Texas, one time at least thirty (30) days prior to the election.

PASSED, APPROVED AND ADOPTED, this the 19th day of February, 1973.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: OLLIE ELLWOOD RAYNES, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of April A.D. 1973, to Plaintiff's Petition filed in said court, on the 13th day of November A.D. 1972, in this cause, numbered 12,330-A on the docket of said court and styled In the Matter of the Marriage of Margaret Isabella Raynes and Ollie Ellwood Raynes.

A brief statement of the nature of this suit is as follows, to-wit: Petition for Divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 12th day of February A.D. 1973.

unable to stop," Haley said.

Garrison remained in Neblett Hospital Wednesday where he was listed in satisfactory condition.

Haley said the five other persons in the pickup were all sitting in the front seat of the truck.

Others injured were Joyce F. Kriling, 42, Sarah White, 15, and Susie Christopher, 25.

Uninjured were Kriling, Jay Christopher, 26, and Marcy Christopher, 2.

Funeral services for Miss Parker, a Waco native, were held Wednesday afternoon at Paramount Baptist Church in Amarillo. Burial was in Llano Cemetery by Schooler-Gordon.

Miss Parker was born April 11, 1954.

She was a 1972 graduate of Tascosa High School and a member of Paramount Baptist Church.

She was the daughter of the Rev. and Mrs. Jack C. Parker. The Rev. Mr. Parker is minister of education at Paramount Baptist Church.

Other survivors include brothers, Johnny Lee and Jerry Alan of the home; and grandparents, Mr. and Mrs. George M. Parker of Amarillo and the Rev. and Mrs. John G. Moore of Dallas.

Local arrangements were by LaGrone Funeral Chapel.

Fletcher.

"I'm going to suggest to the court that we ask West Texas State Bank to give us permission to allow First National Bank to change their bid without West Texas State Bank changing their bid," Fletcher said.

"I'm not going to contest," Alden Mann, representing West Texas State Bank, said. "We'll withdraw our bid if it will help the court."

"Then, I'll ask First National Bank if they will alter their bid to give the court a floor of 5 per cent on time money. You'd retain your bid as you submitted it for interest to be figured with a 5 per cent floor," Fletcher told First National vice president David West.

"We'll agree to do that," West responded after a moment's hesitation. "We'll agree to pay at the rate of treasury bills but if treasury bills drop below 5 per cent we will pay the 5 per cent."

Fletcher then moved that the depository be made First National Bank.

The motion was seconded by Commissioner Butler, who last week was verbally chastised for participating in discussion of selecting a depository by First National Attorney Elton Cox, who produced law which said commissioners who own interest in a bank cannot participate in the discussion of a depository.

Cox, who was present at the Monday meeting, said nothing when Butler seconded the Fletcher motion.

Butler told The News following the meeting that he has sold his stock in West Texas State Bank.

The county depository issue reached controversial heights two weeks ago, when commissioners threatened to advertise for bids outside Randall County. Commissioners were dissatisfied with the bids from both Canyon banks.

West Texas State Bank had bid a straight 4 per cent interest rate to be paid on county time deposits. First National bid an interest rate equal to the interest rate being paid on U.S. Treasury notes.

In other business Monday, Dr. Dudley Moore was reappointed county health officer.

The court opened and reviewed bids for two 2-ton trucks for the county road maintenance department.

Apparent low bidder was International Harvester with a bid of $12,046 for both trucks. Other bidders: Hudiburg-Jones, Amarillo, $12,881; Hedgecoke Motor Co., Amarillo, $14,573; Imperial Chevrolet, Canyon, $15,371; Jess Ford, Canyon, $14,208.

Contract for the trucks will be awarded next Monday.

Walraven Co. of Dallas was awarded the contract to supply 100 large binders for the county clerk's office. The company placed a low bid of $26.90 each for the binders. Other bidders: Steck-Warlick, Austin, $32.50 each; Stafford-Lowdon, Fort Worth, $37.50 each; George D. Bowed, Waco, $31.40 each.

Xerox Corporation was low bidder for photographic supplies for the clerk's office with a bid of $4,902. Other bidder was Itex of Dallas with a bid of $6,960.

Mrs. Lee Reeves, foreground, presented the program for Sue Hite Club's guest day at the Panhandle Plains Museum. Mrs. Kitty Foster, background, served. About 70 women attended, many wearing long Chinese costume for the program on Chinese art.

Sue Hite Club Hosts Guest Day At Museum

In a gallery whose walls are resplendent with the panoramic silk screen paintings of Japanese artist Tachibana, Sue Hite Club members and their guests met Monday afternoon to explore further their study topic, Chinese art and culture. The meeting took place at Panhandle-Plains Museum.

Mrs. A.L. Walsh welcomed as guests Mrs. Don Max Vars, District President of federated clubwomen; groups of women from the Woman's Book Club, University Study Club, Heritage Woman's Club, and Canyon Study Club; and individuals brought by members.

The program speakers, introduced by Mrs. Virginia Allen, chairman, were Mrs. Lee Reeves and Mrs. Vandra Bugbee, museum art director. Museum Director Boone McClure was also introduced.

Following the program, refreshments of rice-cakes and other sweet tidbits, coffee, and tea were served from a table centered with an oriental arrangement of yellow chrysanthemums, designed by Mrs. Evelyn Lumry. Serving were Mrs. Kitty Foster and Mrs. Lois Prichard. Mrs. Alma Perkins was hostess, assisted by Mmes. Maudie Laycock, Flora Phillips, Betty Stoker, Mary Townsend, and Ruth Henson.

The program began with Mrs. Lee Reeves giving interesting facts about Chinese porcelain. She said, "Many pieces were fashioned for contemplation only. . . their art is laden with symbolic figures telling of the people's attitude toward the universe and themselves."

Mrs. Reeves said that the Chinese meaning of the images and symbols used in their art were often the opposite of the Western meaning. The dragon, for example, was "nature personified. His breath was the clouds, and he was therefore also a symbol of renewal." She identified the butterfly as "the Chinese cupid," a cock as a charm against evil, a fish as a symbol of wealth or domestic harmony, and the lotus as an image signifying purity.

Mrs. Reeves, a first-grade teacher at Rex Reeves school, went on to say the flow of Chinese artifacts to this country had for some time been slowed by the "bamboo curtain," but that attractive shipments were now coming in. Pieces from the Ming and Sung dynasties are most valuable and in highest demand.

The art of cloisonne, she said, was known in many regions of Asia and Europe and did not originate with the Chinese. "But the Chinese refined the process and made it their own." In the last century, the art has gone into decline.

The speaker later moved on to the subject of lacquerware, stating that "pieces 2,000 years old had been taken from tombs, as fresh as the day they were made." The process consists of building up coat after coat of lacquer on an object and letting each coat dry in a damp, dark, and dustfree chamber. Thirty coats of lacquer are not unusual, and 100 coats have been recorded. The substance can be carved, inlaid, or printed.

Mrs. Reeves concluded with a discussion of jade. "Jade is not an ordinary stone—it has a quality that made an emperor offer fifteen cities for a jade carving he could hold in his hand. . .Jade was considered the essence of creation. The carver carved to bring out the patterns of the universe, and everything hinged on the carver's ability to discover the potentialities of the piece of Jade." She related several classic legends about carving Jade. Her talk was illustrated with art objects contributed by members of Sue Hite Club and friends.

Mrs. Vandra Bugbee, Art Director of the Panhandle-Plains Museum, then spoke to the group about the Japanese screens in the room. She said such screens were used as room dividers or to provide a pretty background for a garden tea party or ceremony.

Speaking about the composition and subject matter of the screens, Mrs. Bugbee said, "They represent a play of opposites—a high place against a low place, a hard rock against a background of nothing, just air."

"Another thing is the movement within the painting. There is a composition that keeps you within the frame of the picture, and if it doesn't it isn't any good." She described the pattern of movement in one of the huge screens depicting flying fish amidst a tossing panorama of waves. "When the Chinese painted an object like a fish, they were not trying to illustrate fish. They chose the fish because it was an honorable symbol and wanted to show how well they could use it. It was a matter of contest and challenge."

Vandra Bugbee described the calming effect the vast silk-screen paintings had on many people. "This is the reason you have pictures—because of what they do to you. It doesn't make any difference if you choose a Western scene or a Chinese print. Your reason will be for having a visual experience within a frame."

After the program, the women toured the art galleries of the museum.

Petition. . .

(Continued from Page 1)

people will accept the fact that they can look just down the street and see a new high school and new junior high but their kids have to go to Canyon.

"It's just going to kill us."

For the property to be annexed by the Amarillo school district, the petition with signatures from a majority of property owners in the area must be given the Amarillo school board and Canyon School Board, according to Pond.

They must agree on the annexation and then the request is forwarded to the Potter County School Board and the Randall County School Board, where final authority to approve the change rests.

Pond said citizens in the area can also call an election to decide the issue.

County school trustees will meet at 9:30 a.m. Friday in the county courthouse in Canyon to discuss the possible petition movement.

Eagles. . .

(Continued from Page 1)

back," Schneider said.

The coach credited Angleton with having the best team his charges had faced all year. "They had five starters back from last year," he added.

Canyon started the season this year with no returning starters and only a handful of returning squad members. Prior to the season, Schneider had said that this lack of experience and a lack of height would be his team's greatest roadblock.

Schneider said he was ready to start working toward next year when he will have four starters back. The returning regulars are Nelson, Gunter, Davis and Ratliff, all members of the All-District team.

These battle-proven players, bolstered by advancing JV players and possibly freshmen, should give the Eagles a much better start next season, Schneider said this week.

"You can't beat experience," the coach said. "This year we had to get it after the season began."

Senators. . .

(Continued from Page 1)

"I don't know whether an answer would come back to me or through me. I did send it on and that's all I know about it."

The resolution passed by the senate Monday reads: "Resolved—We, the Student Senate feel a student should be placed on the committee for selection of the president of the university, that he should have full voting rights and should be chosen by the student senate."

Barker said the resolution will again be sent to Box, but this time, he said, he will seek a direct response from the board president.

The senate president said he was also instructed by senators to telephone Box this week to seek a reply. He had not reached the board chairman by mid-week.

Meanwhile, a petition is being circulated on campus by a group of students headed by Mary Willburn, an Amarillo junior, calling on Box to appoint two students to the screening committee.

The petitions began circulation earlier this week.

Currently, the five-member screening committee consists of Bill Montgomery, Pat Malone and Wayne Rankin, area businessmen, and Dr. John Green, dean of the School of Fine Arts, and Jerry Miller, head of the faculty council at WTSU.

Mistrial. . .

(Continued from Page 1)

In rebuttal, the prosecution called Potter County Asst. Dist. Atty. Kerry Knorpp, who testified that the burglary charge against Duckworth was dismissed primarily because the complaining witness in the case said she was leaving the state and wished to drop charges.

Final defense witness was Manning himself, who testified that on the night of Aug. 3, he went to the apartment of Duckworth and Duckworth asked him to take two lids of marijuana to sell to Tucker.

He testified that he took the two lids and sold them to Tucker for $13 each and brought back two other lids and $25 which he turned over to Duckworth.

In the Monday trial of Larry Cate, the state had rested its case after calling Tom Hefner, undercover agent, and Bill Dunn, Amarillo chemist.

The motion for mistrial came about 1:30 p.m., as the first defense witness underwent questioning from Dowlen.

The witness, a juvenile, Mark McGill, was asked by Dowlen if he had ever sold any marijuana to an undercover agent, according to Blair.

Blair said the question was intended to show the witness's bias and prejudice in the case.

Defense Atty. Dick Dambolt moved for mistrial on the question and the motion was granted.

Plan Your Landscape

Residents of Canyon who live west of the courthouse and especially west of the high school should have excellent results with lawns and gardens . . . the rest have a problem . . . caliche, according to John Brazzil.

Brazzil spoke on a recent afternoon on gardening and landscaping. The program was sponsored by the Texas Agricultural Extension Service.

Brazzil stressed the importance of time in developing a good landscape. "We are talking about 15, 20 or even 30 years," Brazzil said.

Brazzil said there will be times in the growing season when Panhandle residents will have success with any plant and times when no plant will do well.

He cited Canyon temperatures which range from 15 degrees below zero to 108 degrees and rainfall from 3 inches yearly to 39 inches.

He also said the Panhandle has the highest average wind velocity of any area outside the coastal regions.

Lawns should be the basis of any landscape, Brazzil said. Canyon residents have three choices, he added. He recommended Buffalo grass for rural areas where water is scarce and expanses are large.

The other two choices are Bermuda or Kentucky Blue Grass. Brazzil added, however, that Bermuda will eventually take over Blue Grass. "You will end up with a typical Panhandle lawn, a mixture of Bermuda and Blue Grass," he said.

In the Panhandle area, a lawn can be established from mid-May through September, he said. He cautioned lawns should not be planted until the soil is warm enough for the seeds to germinate.

The ground should be rototilled but not left loose. The soil should then be rolled and packed before planting.

Brazzil said there is rarely any reason to have to re-establish Bermuda grass but Kentucky Blue Grass will not heal itself so easily.

Brazzil said before beginning with any landscaping, the plan should be drawn on paper. Special attention should be paid to the type of trees and shrubs for particular areas.

The three basic elements in a landscape are the living area view, the work area and the front approach, Brazzil said.

A few of the suggestions Brazzil noted on planting trees and shrubs include caution with bare roots plants, because they will die when exposed to the wind and sun. Never use muddy soil for planting. Prune the top because the root system is not well-enough developed to support the top during the first growing season. Do not put fertilizer in the planting hole.

Brazzil said the safest way to move a native tree was to dig around one-half of the root system in the fall. The second fall dig around the second half of the root system and the following spring, make the final dig and move the plant.

Brazzil mentioned the crab apple tree, western soapberry, and the honey locust as three of the best trees for the Panhandle area. He said due to problems with disease and insects, he would no longer recommend elm trees for this area.

Brazzil compiled a list of plants from evergreens to vines which are especially well adapted for the Panhandle area. He also has available a list of vegetables including their variety and where to obtain them.

Other pamphlets available include "Fertilizing, Pruning, and Spray Schedules for Peach and Plum Trees," "Strawberry Plant Sources," Fruit Varieties Recommended for the Panhandle Area," "Training and Pruning of Dooryard Peach and Plum Trees," "Giant Steps Toward Better Landscapes" by Brazzil, "Pruning Roses," "Growing Tomatoes," and "Insects."

Garden Season Draws Near

By TOOTIE BYBEE

HELLO, AND HOW are you and yours this fine day? The weather has improved to the point that we are "almost" tempted to work in the yard. Noticed a lot of people taking advantage of the few days of good weather to get some yard work done. If you haven't done so, go out and take a look at your fruit trees, you just might be in for a surprise. Looks like another fruitless summer to me. Ours are already showing signs of new life. It is English Pea, potato and onion time anyway. Almost didn't get any peas, seems Mrs. Brooks got there before me.

But Mr. Davis will be ready to accommodate you now. Mr. Davis has been sick with the flu and hope he gets to feeling like his ole self and real fast too.

MR. AND MRS. Cook came over for a few minutes Monday evening and told me that Stanley's little girl friend, Diane Brown, was runner up in the Miss Guymon contest. She was recently featured on the "Farm and Home Show" on one of the Amarillo TV stations. She sang two songs and modeled. Congratulations are sent her way from us. The Cooks traveled to Guymon for the event and of course visited Stanley, No. 1 son, while there. Stanley is still working on the family farm and learning the management from the inside out.

HEARD THAT THE Clements had a very special visitor this weekend from Flagstaff, Ariz. Daughter Kathy and fiancee, Bill, were down for a visit with Marion and Sam. While here they made a stop at the Whiteheads to see little sister Barb, who was a guest of Shelly Whitehead for the weekend. They were all glad to see each other and I must say traveled in complete luxury in a self contained camper. I wouldn't mind having one of those things if they would guarantee I could back it up.

JOYCE MINOR HASN'T been too lonely since Gene has been out of town on business. Her mom and dad came from Oklahoma to stay with her and have a long visit with the grandbaby, Marcie. Saw Joyce and her mom at the beauty shop Friday and they said grandpa was home with the little one.

HOPE BARBARA EVAN'S mom's birthday was a very special one. She and Barbara's dad came up from Brownfield and Barbara's sister and family came from Petersburg and they all celebrated the birthday together. Enjoyed seeing Angie also.

THE EVAN'S GIRLS, Sherry and Glenna along with the older Tow girls, Dana and Karen, went with the Friendship Baptist Youth Choir and sang "Tell It Like It Is" for Bolton Street Baptist Church Sunday night. They wore their long dresses and all looked so very pretty. They will be giving this at our church next Sunday night and everyone is invited; 2400 South Arthur at 7:00. They are preparing to go to Ft. Sumner in two weeks to sing at the First Baptist Church there. They are in fact booked pretty well. They will be traveling to Arizona this summer for a week and singing all the way there and back at different churches along the way. They would love to sing for your church and if you would like to hear this wonderful bunch of kiddos, feel welcome to come Sunday night. There are about 30 young voices raising praises to our Lord in song.

SAW GREG JONES at Skaggs Albertson's Friday and he had cut his hand pretty badly at work. Said he had just had it stitched up and looked in a little pain. Hope this finds his hand just a whole lot better and please be more careful.

THE TOWS SPENT a fun weekend at Sipapu skiing and enjoying the snow. They all had a good time but still need a little more practice as they all seem to have an ache or two. Kay said always fall forward and everyone else said fall backward and Diana Winn that went along with them seems to think the answer is just to lose one of your skies and forget it all. Mike and I.J. think the shorter skies are just the thing for the novice. Want to try a pair of those myself.

NEVER KNOW WHO you will meet where, it is sure a small world. Took number 2 daughter to the Orthodontist Monday and guess who the receptionist is? Mr. and Mrs. Parks' daughter-in-law, Nancy Parks. Said she had had lunch that very day with our good neighbors. Haven't seen them on their bikes in a few days.

SAW THE OTHER Sam Rogers the other day driving through the park in their little green car. Haven't seen them since they moved last summer. Hear they are now living in Buffalo Plateau. Say hello to you all over there.

HEARD THE MITCHELLS had quite a musical fest at their home Friday evening. Banjos and all with a little singing thrown in.

WON'T BE LONG til the Indian Guides will be able to take advantage of the teepees they are building with a camp-out. They have completed, I believe, one of them, and have four more to go.

THANKS TO ALL the dads and boys and a special thanks to Mr. Wiggins for the sewing.

EVERYONE WHO ATTENDED the performance of Oklahoma really seemed to enjoy it. Said it was really a great musical. Know my group liked it. Can't remember when we were in school having such professional type performances given by high school age youngsters. They do a bang up job.

GOING TO SIGN off for this time. Remember to do good and God bless.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Pritchett Has Knee Surgery

Billy Pritchett, West Texas State's standout running back, will undergo surgery Friday to correct an injury to his right knee.

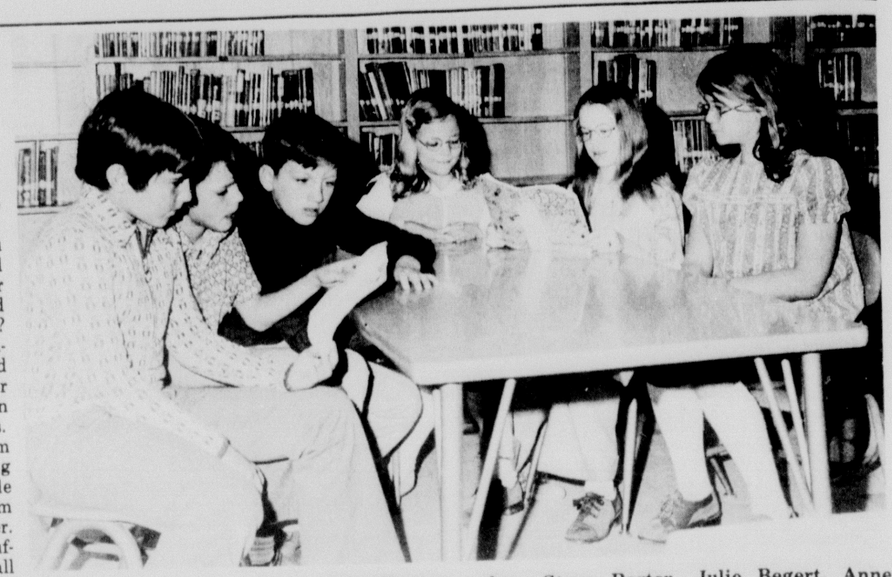
Pritchett, who was named to the All-Missouri Valley Conference first team two years ago, injured his knee in the Buffs' sixth game of the season this past fall. He earned second time all-MVC honors despite missing the final four games.

"As we had plenty of time to work on Billy's knee, we felt it would be better to wait as long as possible before an operation," said head coach Gene Mayfield. "We have had Billy on an exercise program and that is always better if a knee will respond as well as it should. It is now time to operate."

Pritchett, 6-4 and 247 pounder who runs the 40-yard dash in 4.6, will miss spring practice because of the operation, but is expected to be at full strength next fall for his senior season.

"We won't miss Billy in spring training as we already know he is a quality running back and it will give us a chance to look at some other backs," said Mayfield. "Billy has proven himself to be one of the nation's better backs and it shouldn't hurt his season to miss the spring practice."

Pritchett will undergo surgery in an Amarillo hospital.



Fifth grade students to represent Rex Reeves Elementary School in the junior division of the Randall County Spelling Bee to be held March 15, are Terry McKinney, Gary Fletcher, Steve Porter, Julie Begert, Anne Reeves and Rene Brock. Gary and Steve are alternates. Not pictured is Mona Crawford.

Lighted, Moving Art On Display

If art is the best expression of the times, then the 110-volt kinetic paintings of scientist-artist Dr. Frank Malina — characterized as they are by lights, motors and constant motion — are perhaps "the personification of the 20th Century."

Malina, 60, a pioneer in the field of rocket science as well as kinetic art, will be represented in an exhibition March 5-16 at West Texas State University.

The show is being presented under auspices of the WTSU Student Activities Council. Exhibit hours will be from 8 a.m. to 11 p.m. weekdays, 10 a.m. to 11 p.m. March 10 and 1-11 p.m. March 11 in the Activities Center ballroom.

Malina is credited with bringing a new vision into art when he introduced electric light and movement into painting in 1954. By choosing themes from science, he is said to "focus attention on the interplay existing between science and art."

A native of Brenham, Tex., Malina was graduated from Texas A&M University in 1934 with a degree in mechanical engineering. He went on to earn a master's degree in mechanical and aeronautical engineering and a doctorate in aeronautics at the California Institute of Technology.

A trustee of the International Academy of Astronautics, which he co-founded in 1960, Malina is credited with forcing the start of rocket science and technology in the 1930s.

After co-founding and directing the Jet Propulsion Laboratory at Cal Tech, he designed and launched the WAC Corporal, the United States' first high-altitude rocket, in 1945.

Malina also co-founded Aerojet General Corp. and directed research for the United Nations Educational, Scientific and Cultural Organization (UNESCO) in the 1940s and early 1950s.

He is founder-editor of Leonardo, international journal of the contemporary artist, and founder of Electre Lumidyne International Corp.

Malina's mobile electro-paintings have been exhibited in Paris, Lyon and Rennes, France; Milan, Rome, Prague, Amsterdam, Washington, D.C., New York and San Francisco.

In addition to his ventures into science and art, Malina has worked to develop international forums for the exchange of scientific knowledge.

His contributions to rocketry have been recognized by several awards, including the French Prix d'Astronautique in 1939, a commendation certificate from the U.S. Army Ordinance Department in 1946, and the C. M. Hickman Award of the American Rocket Society in 1948.

He also has received awards for his kinetic art, and is listed in numerous who's who publications and directories of leaders in science and art.

Each of his paintings consists of a six-inch deep box, the front of which is one or a combination of screens onto which combinations of transparent and opaque colors have been painted.

Contained in the box are a series of lights, chains, motors and color wheels which project moving, colored light onto the front screen.

The total effect is a group of patterns and coordinated colors moving on the surface of the painting. The sensation of constant, flickering movement has been described as "supremely suitable for the eyes of TV-oriented, automotive 20th Century man."

Industrial Advisory Council Named For WTSU Department

Establishment of an Industrial Advisory Council to work with the Department of Industrial Education at West Texas State University was announced Monday.

The council represents the areas of manufacturing, distribution, service and education.

Dr. Wallace L. Johnston, department chairman, said the representatives are Kenneth Chakiris, vice president for sales of Rust-Oleum Corp., Evanston, Ill., manufacturing; W. H. Wood, vice president of Cottingham Bearing Corp., Dallas, distribution; Richard Bittman, owner of Bittman's Appliance Co. of Amarillo and Lubbock, service; and Dr. Norman Wallace, dean of technical-vocational education at Amarillo College, education.

The council will meet for the first time Tuesday, touring the campus and industrial education facilities. The members will be honored at a dinner Tuesday night at the Amarillo Club.

The council's "function is to provide leadership and direction to our undergraduate and graduate program in industrial teacher preparation, industrial distribution and industrial technology," Johnston said.

The advisory council will spend Wednesday on campus meeting with industrial education students and faculty.

One of the council's first priorities will be to review the industrial programs of the department, Johnston said.

"Of specific importance will be the job market, curriculum for student preparation, educational assistance from industry and the methods for attracting industry to our area based upon such educational opportunities," he added.

Johnston said one of the reasons behind establishing the council was to promote the growth of industry in the Texas Panhandle.

Canyon Bands To Compete Saturday

The Canyon High School Band and two bands from Canyon Junior High will take part in University Interscholastic League competition to be held Saturday in the Fine Arts building at West Texas State University.

An estimated 35 to 40 bands from all Panhandle area schools that make up Region 1 are expected to attend and compete, said Canyon band director J.W. King Jr.

About 125 members of Canyon bands will compete.

The Saturday event will be a Solo and Ensemble contest. It will begin at 8 a.m. and conclude at about 4 p.m. Results of the competition will be reported in the Canyon News next Thursday.

New Baby Son Born To Martins

Mr. and Mrs. Terry C. Martin, Jr., of Amarillo, are parents of a new baby son, Joshua David, born Feb. 13 at St. Anthony's Hospital in Amarillo.

The maternal grandparents are Mr. and Mrs. David Jackson of Amarillo.

Mr. and Mrs. Terry C. Martin, 9 Country Club Dr., are the paternal grandparents.

Back row, Beth Wanamaker, Becky Boston, Jayne Lewis and Lori Drake. Beth and Becky are alternates.

$500 Gift Given WT

A $500 cash gift from Peat, Marwick, Mitchell & Co. of Amarillo has been received by the accounting department of the West Texas State University School of Business.

The check was presented recently by C. James Mans, a partner in the firm, and Phillip Jenkins, both of Amarillo.

Dr. James B. Davis, department chairman, said the unrestricted gift will be used to maintain a departmental library for student access and to permit faculty members to attend various professional accounting meetings in order to make their teaching more effective.

Davis said that Peat, Marwick, Mitchell & Co. "hire a number of our graduates in its accounting activities."

He added the company has previously contributed money to the department.

New Quarter System For Canyon Schools Explained

The quarter system is not a cure for all the problems of the Canyon School System but it offers possibilities for an improved program, according to John Sommer, principal.

Sommer said school officials will not be able to determine the success of the program until it has been in operation for a few years.

"As we go into the new program, our greatest concern is quality control," Sommer said. "We will need to keep a close watch on weaknesses of the program and we will move quickly to correct weakness so the students will be assured of a quality experience," he said.

The legislature passed a bill recently to require three quarters with a fourth quarter optional. However, the state will not fund the fourth quarter and it would be offered on a tuition basis, Sommer said. The mandatory change is expected to be delayed until 1975.

He said he believed the year-round school concept to be a factor in the legislature decision where the school buildings would be utilized on a 12-month basis rather than 9 months.

Sommer said he believed the legislature altered this concept to require three quarters because so many schools are not air-conditioned and local conditions would not make it feasible to offer a fourth quarter.

He said the agricultural influence which spawned the 9 months system was declining and he cited new work laws and changing family structures as examples.

Sommer said the legislature has included few mandatory changes. The schools will still report grades on a six-weeks basis but grades will be recorded on the student's permanent record three times a year instead of two.

The basic requirements for graduation will remain the same but will consist of 60 quarters now instead of 20 credits, Sommer said.

Basic changes will also be made in course offerings. The quarter system allows for 12 week courses instead of 18-week courses and because of this the schools can increase the number of courses offered in different subjects.

"Basically what we are trying to do is to offer as many one quarter courses as possible and try to structure the year-long courses in such a way as to more closely identify what is being taught in each quarter," he said.

Instead of requiring one semester of government, Sommers said as example, two quarters of American Government will be required and the third quarter a student could choose economics, Texas studies or could choose a course in an entirely different area.

Most of the courses will not be affected greatly by the quarter system he said. Some courses build in difficulty such as science and math so continuity must be maintained in those courses, Sommer stated.

The greatest departure will be in English, Speech and Drama, he said. English courses will be segmented by subject matter where possibly literature will be offered one quarter, composition the next and grammar the third quarter, he explained.

Sommer said the quarter system has been discussed with all students at Canyon High School and they have expressed a fair amount of interest. Sommer said there is always a certain amount of apathy and fear of the unknown.

Sommer said under the new system there will still be instances where students are misplaced in classes, student failures and schedule conflicts but from an over-all standpoint the program should be improved.

The new system will affect only a few courses in junior high and will not affect the elementary schools at all except in grade reporting.

Dave Corley said only English and Typing courses will be affected in the 9th grade and only English in the 7th and 8th grades.

Shop and art classes are already on the quarter system this year because of the number of students who enrolled in those courses. Corley said he hoped next year to add courses such as speech or reading to eliminate the need for so many study halls in junior high.

"There are so many possibilities with the quarter system I think it will develop into something with more flexibility and the student will have more choices by the time the system is mandatory in 1975," Corley said.

The system has other advantages for students, Corley said. The grading periods will be shorter and quarter exams will count less on the total grade and will be given over a shorter period of time, he said.

Corley said he would make an effort to offer courses in summer school this year because he generally sends from 50 to 55 students to Amarillo each summer.

Only those students who need to make up courses would be allowed to enroll in summer school with the possible exception of reading courses, he said.

Mrs. Ruth Holladay, curriculum director, said the schools and the teachers are already making plans for the change. English teachers will meet for a four-hour conference Monday to discuss necessary changes in course plans, she said.

Dr. Alice Kidd of the Texas Education Agency will be in Canyon Wednesday to discuss the math curriculum.

She said the school plans to release an information bulletin to parents on the new program as soon as possible.

Mrs. Holladay said students have been given an opportunity to make some tentative choices of courses. "We were well-pleased with the students perception of what they needed," she said.

Members of the Junior Engineering Technological Society (JETS) who Friday will represent Canyon High School at their annual state conference at Texas A&M include Carla Dwyer, Matt Hanson, Sheila Thomason, Teresa Engler, Mary Townsend and Mike Bromley.

JETS To Compete In State Meet Fri.

Six members of the Junior Engineering Technological Society (JETS) will represent Canyon High School Friday in competition to be held at Texas A&M University.

The select students are Carla Dwyer, Matt Hanson, Sheila Thomason, Teresa Engler, Mary Townsend and Mike Bromley.

The competition, to include tests in math, chemistry, physics and biology, are being held in connection with the group's annual conference. The Canyon students will pit their skills and knowledge against students from across the state.

According to JETS sponsor, Mrs. Charles Brasher, some 2,000 students are expected to attend and enter competition. Said Mrs. Brasher, "We did quite well last year and are expecting similar results this year."

Mrs. Brasher, who will accompany the group to College Station, is a chemistry and physics instructor at Canyon High School, and is one of four teachers included on the state advisory board of the organization. Other members of the advisory board are from industry, colleges and universities.

Happy News

Volunteer Fireman's Volleyball Tournament Is This Weekend

By MARY NEAL HENRY

WE HAD AT least six inches of snow, very wet snow, at our house on Thursday. It fell so noiselessly and pretty. The moisture is most welcome even after such a wet winter. I sat home and enjoyed the fireplace.

THE VOLUNTEER FIREMAN'S Annual Volleyball Tournament is this weekend, March 1, 2 and 3. Games begin each night at 6 o'clock sharp and last until 9. Sixteen teams are entered in the tournament this year. All these are local people (and that makes it very humorous). Admission is only 25¢, so support the Firemen and attend the tournament this weekend at the Happy gymnasium. I guarantee you at least a quarter's worth of laughs.

VIOLA BUCHANAN IS in Crescent, Okla. with Thelma Clyde took her there on Monday of last week. She is feeling much better and anxious to come home, I hear.

PAT HARGRAVE CAME home on Monday. She is supposed to rest and not "overdo."

NEIL MCCARLEY IS at home again after a month's stay in the hospital which climaxed with eye surgery. A part of a cornea was grafted to his own cornea and everything is going well at this time.

MR. BILL EUBANKS is in Methodist Hospital in Lubbock. He was admitted for tests, but has complications and will be there for a while yet.

R.T. MOUDY, Sr., was ill on Saturday. He is resting at home.

THE YOUNG ADULT Sunday School Class of the Church of Christ met for a social on Saturday evening with Lloyd and Omega Leavitt. Enjoying the evening were Gay and Jim Fellers, Tanya and Neil McCarley, Kathy and L.V. Coille, Carolyn and Don Kimbrell, Deannie and Charles Morrison, and Jill and Alvin Moudy.

HELENE MCFARLAND WILL demonstrate water color at the Artists Club this Friday evening. Dr. Caballero will be their special guest next month.

ON TUESDAY, FEBRUARY 20, Paul Harvey included in his newscast a story about a millionaire and his wife being missing since December 5. This was Mr. and Mrs. Charlie Fisher of Porto Vallarta, Mexico. Mrs. Fisher is the former Carrie Bauer, daughter of the late Mr. and Mrs. E.J. Bauer of Happy. Mr. and Mrs. E.J. Bauer lived on the southwest corner of the intersection at the blinker light now on Washington Street and the six mile crossing. This gave them a Happy address, but the children attended school in Canyon. Carrie Bauer Fisher attended high school in Canyon. She is, or was, 48 years old. The Fishers were last heard from by their family on December 5, 1972. They were on their yacht off the coast of Mexico. One shiphand accompanied them. The F.B.I. traced them through the Panama Canal on December 15, and then on down the coastline near Managua, Nicaragua. They were in this area at the time of the earthquake there. No other information has become available. Carrie has two sons by a former marriage, Randy Terryman, 18, who lives in Portland, Oregon, and Kendall Terryman, 15, who attends school in Southern California; four sisters, Dorothy Stockett of Tulia, Evelyn Hill of Littlefield, Thelma Ardis of Grand Prairie, and Margie Glenn of Las Vegas; and one brother, Elmer Bauer, Jr. of Las Vegas, Nevada.

JIM TIREY WAS two years old on Friday and chocolate cake and ice cream were served by his parents, Sara and George, to Judy and Gene Shipman and their Raphe and Mandi; Karen Danner; Ronnie and Jeanne Johnson and their Jay Wade and Roxie; Bill and Georgine West and their Jason; Ora Mary and Eugene Sims; Gracie and Frank Tirey; Sara Gurley and Lena Bell Cabe.

ALICE AND A.J. Malone have purchased the George Woods home just west of the football field. They have been remodeling and moving into it.

CAMMA LOU AND Larry Tackitt attended the National and Southwestern Duroc Winter Type Congress and Sale in Plainview on Thursday, Friday, and Saturday of last week. Camma Lou met Mrs. Howard Parrish, wife of the man who has auctioned their pigs for many years, of Edon, Ohio. They enjoyed the show and the visiting.

BERTIE CULP HAS company from Canada. Mr. and Mrs. Ivan Culp and Mr. and Mrs. Rolf Gilberg of Calgary, Alberta, have been in Happy visiting. Capt. and Mrs. Jay West of Roswell, Bertie Bell Kelly and her Mike and Karen and Myra and Everett joined them Sunday for dinner.

MILDRED AND CLAYTON Devin were Sunday guests of Thelma and Fred Axe of Hereford. Well, Thelma and Fred live about half way between Hereford and Dimmitt.

GRACIE TIREY, JUDY and Mandi Shipman and Ann Williams ate supper Saturday evening in the Yum Yum Tree. Their men were at the Masonic Father-Son Banquet in Happy.

THE MASONIC LODGE of Happy #1008 A.F. and A.M. held their annual Father-Son Hamburger Supper on Saturday evening at the Masonic Lodge in Happy.

THEY HAD A big crowd. The hamburgers and pie were delicious. The program consisted of a speaker (sorry I didn't get his name) and a skit by the Happy Rainbow Girls. I hear the skit was even funnier than it was supposed to be.

WILLIE BUTLER VISITED the Tulia Eastern Star Chapter on Tuesday evening in an official capacity. She gave them instructions from the Grand Chapter.

GENNIE JACKSON WAS nine years old on Saturday, Feb. 24. Angelique Henry, Kim Foster, Kaye Lynn Stubblefield, Joanna Hurst, Teri Patching, Shann McCarley, Shay Freeman, Cari Greenfield, Jeannie Parker, Ronnie, Debra and LaVenna Jackson helped her celebrate by going to the Activities Center on the West Texas campus and bowling. Teri Patching won the bowling game. Debra took them on a tour of the Activities Center and the little girls loved it. (That is what I call early indoctrination, Debbie). Then they ate at the Pizza Hut and even had birthday cake there. The birthday cake was white trimmed in lavender with nine candles and a horse and fence on it. Angelique spent Friday night with Gennie and Kim Foster spent Saturday night with Gennie.

MANN AND AILEEN Littlefield have recently been to Arlington to visit their son, Eugene Littlefield, and his family. The Eugene Littlefields are back in Arlington after a year's assignment in Virginia.

LENNA PARKER HAS returned from an extended visit in Australia. She was accompanied by several members of her family. This trip proved to be quite an experience.

JEANETTA MCNEILL'S BROTHER and family, Elmo and Jorja Smith and their brand new baby boy (born February 19th), have moved into this community. Elmo will be working for Cecil Doughtery.

PLANS ARE BEING made for the Methodist Lay Witness Mission. Charles McCaslin is chairman of this. The dates are April 6, 7, and 8. Special guests from Texas, New Mexico, and Oklahoma will be in Happy for this event and will be guests of members of the Methodist Church. Everyone is invited. They welcome us all.

THE CHURCH OF Christ is planning a revival for March 18-21. Brent Adams of Durant, Oklahoma will be their speaker.

THE FIRST BAPTIST Church's revival is scheduled for May 6 through 13. Our evangelist is Wayne Tucker of Houston. As plans are completed, we'll give these dates again with times.

VANCE SLUDER HAS been a recent visitor to Happy. Vance was alone this time, but he hopes to have his family with him this summer. His wife is Lily and they have three children, Cheryl Lynn who is 13 years old, Linda Lee who is 11 and Olin Vance, Jr., nine years old. Vance has been stationed at the Army base in Houston. He lacks only two years before his retirement. Vance visited his sister, Erma Lou Harvey and her family; his brother, Elvis in Amarillo; and his mother, Mae Sluder of Hereford.

GYWNN TUCEK HAD a Stanley party in her home on Tuesday of last week.

PAULINE AND WOODROW Wesley have been to Houston to see the slack roping. (Every roper ropes one head before the show). They left on Tuesday of last week and returned on Sunday. They also visited friends and relatives in Andrews and near Lubbock.

THE F.T.A. RETURNED on Sunday evening from San Antonio and the State F.T.A. Convention there. This group, Sherry Walker, Neta Coulter, Mary Ann Sims, Connie Hand, Brenda Dietz, Becky McCarley, Debbie McCarley, Gregg Looney, and Tommy Tipps, traveled on Thursday to San Antonio, campaigned most of Friday for LaJean Hill, this districts retiring president who was running for state office. But the new F.T.A. president is from Longview. Saturday they attended various workshops. An awards night was held on Saturday evening. The group returned home Sunday.

THE COWBELLE COMMITTEE meeting in Amarillo that was scheduled for last Thursday was not attended by any of the Happy group. The snow was too deep and the roads too slick.

TUFFY THOMPSON IS in Houston attending and participating in the Houston RCA Rodeo.

JIM MCMANIGAL HAS taken his judging team to Houston (judging team from West Texas, that is). Willa Jane joined him there during this week. She traveled with Ronnie and Jeanne Johnson.

MARK HARGRAVE, KEN Henry, Wendy Sims, Gary Barrett, Chris Pearson, Stuart Tackitt, Kevin Donnell, and Ag Teacher Lee Moore left early Monday morning with their stock for Houston. These boys will be showing stock in the Houston Fat Stock Show this year, probably on Wednesday and Thursday of this week. They are staying at the Astro World Hotel.

JIM MCMANIGAL JUDGED the Carson County Stock Show at Panhandle last Saturday.

RHONDA FELLERS, NORA and French McGavokck, and their Peggy and Dave, Jini LaRoe, Dorothy and Burl Sims and their Pat, Doug and Scotty went skiing at Sipapu near Las Vegas, N.M. last weekend. They also went sledding. I asked Rhonda what type sled and she said, "I don't know. Looked like a flying saucer." (Rhonda probably did, too, coming down the hill).

CAMMA LOU AND Larry Tackitt had guests in their home from Old Mexico on Sunday. One group, Mr. and Mrs. Jose Luis Martin and Mr. and Mrs. Salvadore DeAnda of Tepatitlan, Jalisco had previously visited the Tackitts. Luis Felipe Castaneda and Dr. Isaac Del Peral from Autlan, Jalisco, also visited with an interpretor, J. Lynn Kemper of the Texas Department of Agriculture from Lubbock. J. Lynn is originally from Spearman. Both groups bought pigs from Bilt Rite Farms.

SANDY WOODS WAS visiting in Happy on Sunday with a friend from Wayland.

MR. AND MRS. Joe Simons of Trinidad, Colorado visited the Larry Simons during last week.

ANN AND SAM Williams had two of their three children home over the weekend. Harold Wayne Williams, and his wife, Joann, and their Jeff and Rhonda; and Mary Anna Self and her Mark. Mary Ann's husband is in Corpus Christi obtaining his discharge from the Army after four years of service. He will now be associated with Morehead, Sharpe, and Tisdale Law Firm in Plainview.

HAPPY JAYCEE-ETTES conducted the Heart Fund Drive in Happy on Tuesday of last week. They collected $297.78. If you were missed, you may leave your donation at the First State Bank in Happy.

SEVEN JAYCEE-ETTES met on Sunday afternoon at the Jaycee Hall to make Jaycee Vests. Jeanne Johnson, Judy Shipman, Sara Tirey, Dottie Foster, Susan Rahlfs, Joy Freeman and Skip Simons made eight vests during the afternoon.

TERRY WRIGHT HAS been awarded a membership certificate in the WTSU Agriculture Honor Society. You are required to have a 2.0 or better grade average and be a junior, senior or graduating student of West Texas.

CHRIS RITTER, ALSO a Happy resident, is the current president of the WTSU Agricultural Honor Society.

HAPPY JAYCEES ARE planning to erect a historical marker at the north edge of Happy. This will be a large steel windmill and will give information concerning both Swisher and Randall Counties.

HAPPY JAYCEE-ETTES are planning a Swap Meet at the Happy Jaycee Hall on March 24. Admission is $1 or if you have a table full of items, $3. You take an item that you'd like to get rid of and swap it to someone for something you'd rather have that they don't want. You can trade all day if you want to, I guess! If you have something too big to tote, take a picture of it. Sounds interesting. Wonder if you can take a bunch of stuff to swap and come home with nothing?

MILDRED DEVIN WILL be reviewing the book, "The Hiding Place," by Corrie Ten Boom on Sunday, March 4, at 5 p.m. Corrie Ten Boom's world wide ministry of comfort and council began in the concentration camp where she had found, as the Prophet Isaiah promised, "A hiding place from the wind, a covert from the tempest."

SUNDAY AFTERNOON, MARCH 4, Happy will be conducting a religious census in town and the surrounding area.

See ya! Mary Neal

News Brief

Mrs. Bill Thomas presented a program on Learning to Live during the recent regular meeting of Xi Kappa Zeta Chapter of Beta Sigma Phi.

Mrs. David Pulley was hostess for the meeting which was held at the Girl Scout house here.

Present were Mrs. Bob Brotherton, Mrs. Tommy Hunter, Mrs. Lewis Wigant, Mrs. Johnny Robinson, Mrs. Rosetta Baer, Mrs. James Irwin, Mrs. Thomas and Miss Virginia Rossiter.

April McRoberts, 7, daughter of Mr. and Mrs. Don McRoberts, and Shannon Kitchens, 8, daughter of Mr. and Mrs. Bob Kitchens, found time to relax on a wood fence on their way home from school Monday afternoon, as Canyon residents basked in spring-like weather.

WT Symphony On Tour Next Week

The West Texas State University Symphonic Band makes its annual concert tour next week with performances at Clovis, N.M., Levelland, Odessa, Andrews, Midland, Monahans and El Paso.

The 80-member ensemble will have a pretour concert at 3 p.m. Sunday, Mar. 4, in the WTSU Fine Arts Auditorium. The band is under the direction of Dr. Gary Garner and Donald Baird.

The tour begins Wednesday with performances at the high schools in Clovis, Levelland and Odessa Permian.

The next day the band will perform at Andrews Junior High, Midland Lee and Monahans High. The tour concludes in El Paso with performances at Eastwood, Coronado and Burgess high schools.

David Ritter, assistant professor of music, will be a featured trumpet soloist on each program. He has been a member of the American Wind Symphony and the Fort Worth, Midland and Little Rock, Ark., symphonies.

He presently is first chair trumpet with the Amarillo Symphony and also directs the WTSU Lab Band and Brass Choir.

Baird, a member of the WTSU music faculty for eight years, has been a euphonium soloist with the U.S. Army Band and a former band director at Phillips University. He plays first trombone with the Amarillo Symphony.

Garner came to West Texas 10 years ago from the University of Southern California, where he directed the famous Trojan marching band. He also had taught in the Lubbock public schools.

The WTSU Symphonic Band has appeared by invitation in recent years at the Southwest Division meeting of the Music Educators National Conference and at the Texas Music Educators Association convention twice.

Included in the band's tour repertoire are Surinach's "Sinfonietta Flamenca," Reed's "Ceremonial Fanfare," Anderson's "The Rakes of Mallow," Hindemith-Baird's "March from 'Symphonic Metamorphosis,'" Arnold's "Duke of Cambridge March," Bernstein's "Three Dance Episodes" and Brandt-Ritter's "Concerto for Trumpet."

Williams Have New Baby Girl

Mr. and Mrs. Hersey Lee Williams, Jr., of Amarillo, are the parents of a new baby girl, Deborah Lynn, born Feb. 25 at Neblett Memorial Hospital. She weighed 8 lbs. 14 ozs. and was 20 inches long.

The maternal grandparents are Mr. and Mrs. J. B. Martin of Stanton, Calif.

Mr. and Mrs. H. L. Williams, Sr., 2011 2nd Ave., are the paternal grandparents.

Lovinggoods Have New Baby Boy

Mr. and Mrs. Richard L. Lovinggood, Rt. 1, welcomed the arrival of a new baby boy, Jerrid Heath, born Feb. 24 at Neblett Memorial Hospital. He weighed 6 lbs. 8 ozs. at birth.

The maternal grandparents are Mr. and Mrs. R. S. Marlar of Skellytown, Texas.

Paternal grandparents are Mr. and Mrs. Jerry Lovinggood of Spearman.

The father is an accounting major at West Texas State University.

Four farmers from North Dakota flew into Randall County over the weekend to help get new members for the National Farmers Union. The four returned to the north country Wednesday. They were among 25 North Dakotans and 22 South Dakotans to come to Texas to help recruit new members. They are, from left, Robert Laumb of Tolley, N.D., Jerald Huber of Kenmore, N.D., Dennis Morlock of Pettibone, N.D., and Eugene Guthmiller of Pettibone, N.D.

You can jog in any weather, they say, but group therapy must be more fun when the sun is bright, the wind is nil and the temperature is above 60 degrees. These ROTC cadets think so, anyway.

Native Indian Arrives To Make Home With Adairs

Valson Abraham, a young citizen of South Central India and son of the superintendent of Christian Missions of India in Secunderbad, arrived in Canyon recently to begin his education at West Texas State University.

Valson was welcomed with a dinner Tuesday evening by the congregation of Faith Chapel. Following the dinner, he and the Rev. Marcus Adair showed slides of his native land and discussed India with those present.

On Sunday evening at 7 p.m., he will speak from the pulpit of Faith Chapel. The public is invited to attend.

During his projected three-year stay in Canyon, the young man from India will make his home with the Marcus Adairs of 2700 4th Ave. Rev. Adair, founder and director of Faith Student Center in Canyon, a non-denominational training ground for Christian missions, will help prepare Valson for leadership in his father's mission work. The mission is sponsored by Faith Student Center.

Valson is following in the footsteps of his father, Stephen, who received guidance from Adair in 1952-54 when the Adairs lived in Follett. The son, age 20, plans to enroll at West Texas State University and major in English. He speaks several languages used in India today.

Homemaking Class Gives Luncheon

Members of the vocational education homemaking class of Canyon Junior High School were hostesses for a luncheon held recently in the homemaking department of the school.

Members of the class are Amelia Martinez, Mary Quintana, Barbara Hall, Vickie Castleberry, Robena Johnson, and Karen Hensley. They worked with the direction of faculty member Billie Banner.

A red-and-white color scheme and Raggedy Ann and Andy theme were followed in appointments and table service.

The luncheon was planned and hostessed as a six-weeks test project for the class. Members of the class did all of the planning, purchasing, and preparation for the event.

Guests were Mr. and Mrs. Jerry Jacobs, Dr. and Mrs. J. D. Strickland, Dave Corley, Penny Davis, and Billie Banner.

NOW'S THE TIME

To Check Out The Army !

There's no obligation, of course. Your owe it to yourself to check out the Army's 300 job opportunities now. Be guaranteed the job you want and place you wish to work and not leave until after graduation.

Saturdays
8 to 12

DATE FOR PREQUALIFICATION
SATURDAY, MARCH 3rd. SATURDAY, MARCH 24th.

Former Resident Buried Here

Graveside services for a former Canyon resident, Mrs. Edith Frances Meyers, 84, who died Sunday at Kitchener, Ontario, Canada, will be held at 4 p.m. today at Dreamland Cemetery.

The Rev. Baldwin Stribling, pastor of the First Presbyterian Church, will officiate.

Mrs. Meyers had lived in Canyon until 1963 when she moved to Wyoming. Six months later, she moved to Canada. She and Edward H. Meyers were married at Kitchener on March 3, 1921. He preceded her in death in 1960. He had been in the hatchery business here.

Survivors include sons, Edward Peter of Ritzville, Wash., and Karl F. of Tucson, Ariz.; two brothers and a sister, nine grandchildren and six great-grandchildren.

Local arrangements were by LaGrone Funeral Chapel.

Gene Howe News

Patriotic Program And Science Fair Displays Planned For PTA Night

By TROYCE MULHERIN

GREETINGS: MONDAY NIGHT, MARCH 5, is PTA night at Gene Howe School, marking the beginning of Texas Public School Week observations state wide. Gene Howe will celebrate, of course, with the very bestest ever patriotic program to be presented by our third grade students. Science Fair projects made by students in grades four through six will be on display in the cafetorium, and winners announced. The kindergarten through third grade rooms will be open for mommies and daddies to visit and look over their youngster's science projects. Lots of energetic and unique-type thinking has gone into these projects on all grade levels, and the projects deserve some parental viewing (and praise).

TEXAS PUBLIC SCHOOL Week is a project promulgated by the Masonic Lodge some twenty-odd years ago. The object is to encourage parents to visit in their children's school in order to become better acquainted with the surroundings in which their children are involved for so much of their time. Make plans to visit your kiddo's room sometime during the week, and maybe eat lunch or something. Or, just drop by to say hello!

NATCH, SINCE PTA will be meeting Monday evening at the school, our usual Monday night Mod Math Class has been moved to ?????????? night, starting at seven o'clock and winding up about nine o'clock. All you adult students mark this change on your calendars.

THE CANYON INDEPENDENT School District is presently conducting its annual bush-beating campaign to locate pre-schoolers. This project is also known as the five and six-year-old census. The school needs the names of all children who will be either five or six years of age on September 1, 1973. The number of teachers, classrooms, furniture and supplies will be based on the projected enrollment. Also, Gene Howe school will be planning some informational meetings for parents of these youngsters. If you know of any children who come in this category, yours or someone elses, please call the school, 355-6501. If you know of any children these ages whose parents plan on moving into the Gene Howe area this summer, turn them in, too. Preplanning sure helps, and the school will be able to do some preplanning with your help.

THANK YOU, POWERS that be, for the bike racks now at Gene Howe.

PACK 130 OF the Cub Scouts held its annual Blue and Gold Banquet last Thursday evening. Approximately 150 well-fed scout enthusiasts attended the covered dish supper. The theme for the evening was "Great Americans," and the scouts latched on to this one with an intriguing and enterprising interpretation. Each den performed a skit of some sort for informative entertainment.

DEN ONE, LED by Sarah Edwards and Betty Stokes, used the theme of famous football players in its table decorations, and employed the theory of group participation and games in its skit. Den Two, led by Katie Gensler and Jane Ives, based its table decorations on George Washington's birthday, and gave a musical performance for its part on the program. Den Six, led by Jackie Mayfield and Louise Bromley, used the theme of famous astronauts for its table decorations, and led the group in a sing-song.

THE WEBELOS, LED by Pete Solbrig and Bill Edwards, used the theme of famous American cartoons for decorations. Each Webelo made a three-foot marionette and gave a humorous and entertaining skit.

THE HEAD TABLE was decorated with yellow candles and blue chenille scouts. Buster Carlile gave the invocation, and, Bill Edwards, Cub Master, extended the welcome. Bill Seth, Committee Chairman and past Cub Master, was honored with a beautiful wooden plaque for his contributions as Cub Master. Pat Seth was given a Certificate of Appreciation as Den Leader Coach. Sherrie and Roy Cates, presently serving as Round Table Commissioners, were also given Certificates of Appreciation for all they have done for the pack over the past years. Sherrie was also presented with the Den Leaders Coach Training award. Roy attended officially as Institutional Representative. Carl Johnson, Scout Master of Troop 130 was accompanied by his wife, Wiletta, and son Allan, who is Patrol Leader of the troop. All the den mothers were given well-earned Certificates of Appreciation, too. Pete Solbrig and Bill Edwards also received certificates as Webelo leaders.

DAVID GENSLER ADVANCED to the Webelos, and Ken Cates was given special advancement service to Scout Troop 130, being received therein by Carl and Allan Johnson. Mike Morgan received his Bobcat pin, and Jody Detten received his Wolf pin. Steve Stokes received his Bear pin; and, Tim Nash and Tim Stokes each received Webelo badges.

THESE CUBS AND scouts will sorely miss Dick and Jane Ives, who have contributed so much to their welfare. Dick and Jane have moved to the Dallas area, where Dick has taken a position with a hospital in Dallas proper. Jane says they will probably be living in Garland, but will be apartment dwellers for a while. She plans to start looking for a home as soon as she can. It's a shame for the Ives to carry off our most recent newborn, Wendy Lee, before all of us get to tickle her toes. But, Darin and Nolan are excited about this move, so we send best wishes to this fine family in their new endeavor.

PAULA BENNETT, DAUGHTER of Mr. and Mrs. Paul Bennett, celebrated her "Big Eighth" with a slumber party. A Hawaiian theme dominated the party decorations, topped off with a blue cake with white roses. Stacy Howard, Darla Thompson, Becky Martin and Julie Jo Conlan contributed their fair share to the festivities. These lively young ladies must have had "unslumber" mixed up for "slumber," 'cause the playing and giggling and eating were more obvious than the slumbering. May all your wishes come true, Paula!

OUR GIRLS "DONE good" and we are proud of the Eagles and their playing. Those from the Gene Howe area making the trip to Austin to cheer the girls included Mr. and Mrs. Ocie Towery whose daughter, Nancy, is manager for the Eagles. Jerry and Kathy Martindale and youngsters, Mike and Leslie, enjoyed the excursion with Jerry refereeing some of the tournament games. (Not one our girls played in, tho). Billie and Harold Erwin and Lisa went to help daughter Traci, who is a cheerleader, with the cheering section. Becky Bassinger, cheerleader for the Eagles, too, contributed her part of the hollering.

ERNESTINE AND BILL Harp and Dena left Thursday and spent the night in Dallas with Ernestine's sister's family, Mr. and Mrs. V.A. Shelton. On to Austin the next day for the games and throat-rasping support. Daughter Diane is a team member and was kept busy elsewhere while the rest of the Harps toured the Capitol and did a little shopping.

EACH AND EVERY girl on this team and their coach rate as top-notch, as well as deserving our support and feelings of pride we have in them. Thank you all!

ALL THE YOUNGSTERS at Gene Howe were treated to a re-run performance by the Gene Howe kiddos who took part in that recent talent show. Kristi White gave a piano solo of "Love Story," and Darla Campbell sang "Tiny Bubbles" with sister Kelli serving as accompanist on the ukelele. Robin Stidger did a pantomine of "Rockin' Robin," and Stan Ely sang "It's My Lazy Day." The "Honeybees," composed of Debbie Belyu, Sandra Mester, Tyra Solbrig and Doreen Davee, sang "Come Saturday Morning." Matt Malson gave a piano solo with the rendition of "Dream Waltz."

OTHERS TAKING PART in the assembly program included a group called "Our Gang," composed of Teena Berry, Teresa Richie, Leann Dykes, Jana Brooks and Patty Team. This group sang "I'd Like to Teach the World to Sing." Fred Thomas played a guitar solo titled "Crocodile Rock," and the Hillbillies sang "Doin' What Comes Naturally." Traci Bufkin, Lynda Foster, Janie Delaney, Cindy Todd, Lisa Erwin and Kendra Wallis wore some adorable Gingham-checked frocks and equally adorable freckles during their stint as Hillbillies.

MARK PODZEMNY, KELLEY Dozier, Terry Rudd and Steve Schmidt did some fancy stepping to go with their version of "Nothing Like a Dame." This group aptly called itself "The Gobs." "The Unknowns," a singing and instrumental group performed "The Lion Sleeps Tonight." Larry Brown, April Howard, Traca Cooper, Terry Miller, Kevin Dozier and Tanya Stallings compose this talented group, which garnered a second place rating during the original talent show. Everyone in the cafetorium really tapping their toes (at least) by the time the program had concluded with Kevin Dozier rappin' out a rhythmical and chair-rocking drum solo. A whole passel of talented youngsters! A special thank you, too, to Mrs. Margie Phillips, who helped these kiddos and practiced with them and etc. and etc. and etc.

SCIENCE FAIR COMMUNICATIONS: Our sixth grade teachers are in agreement that every sixth grader should be able to do at least one science project during the year. It is a science assignment for the purpose of teaching the child to demonstrate a scientific idea, requiring some research on his or her part by means of a project. The student may demonstrate it to the class, or enter it in the Science Fair. A grade will be given dependent on the amount of individual work and research done and the student's ability to explain the project.

THE FIFTH GRADE teachers' communication relates if the fifth grader enters the Science Fair, the student will receive a B on the ol' report card for this six week's. If the project wins a ribbon or a trophy, the student will receive an A on the report card. Fifth grade teachers highly encourage all students to enter, but it is not compulsory.

FOURTH GRADE STUDENTS are not required to do a project—they may choose to complete a project to enter in the Science Fair, or they may choose to write a research paper in the area of science. Students who complete either of these activities will earn three extra points which will be added after the regular six weeks' grades are averaged.

HOPE THIS SHEDS some light on the Science Fair projects our youngsters are involved in completing.

TAKE SOME TIME out to wish Johnny Hicks a happy birthday on March 7. Good to see that some men in the Gene Howe area are aging, not just the kids and women. Seriously, now, happies to Mr. Hicks.

GIVE ME A ring-a-ling with news about your activities and parties, birthday, or unbirthday, or otherwise. 352-6053.

THANKS FOR THE use of the hall.

Troyce.

Steve Davis gives Kathryn Loudder a push Monday afternoon during a calm, windless, 65-degree afternoon in Canyon. It was a good day for a walk, or a swing, or flying kites.

News Brief

The Amarillo A&M Mothers Club will meet Monday, March 5 at 7:30 p.m. at Westminster Presbyterian Church, 2525 Wimberly Road, in Amarillo.

The program will be presented by a craft instructor from the Amarillo Hobby House.

HD Council Plans May Tasting Tea

Randall County Home Demonstration Council discussed plans for the County 4-H Food Show later this month and a Tasting Tea to be held in May at their meeting Monday afternoon in the Farm Bureau Building. Mrs. Jim Irlbeck, chairman The County 4-H Food Show is scheduled for March 31, at 9:30 a.m. in the Farm Bureau Building. The recreation committee will go ahead with plans for the Tasting Tea at the annual May Day "Woman of the Year" affair.

In other business, the nominating committee reported nominees for new officers. They are Mrs. Clarence Howard, chairman; Mrs. J. G. Voelm, vice chairman; Mrs. Ken Danner, secretary; Mrs. Max Bosley, treasurer.

Mrs. Christler Crain is the newly elected THDA Chairman for Randall County. She presided over the election of delegates to attend the District meeting at Boy's Ranch on March 29. The delegates will be Mrs. Ervin Davis, Mrs. Joe Rice, and Mrs. Henry Widick. Alternates will be Mrs. Ken Danner, first; Mrs. Bill Branum, second; and Mrs. Garland Turner, third.

"Oklahoma!" Termed A Success At CHS

If large crowds and enthusiasm are any indicators, last week's presentation of "Oklahoma!" by the Fine Arts Department of Canyon High School was a tremendous success.

While the auditorium was not filled on Thursday, the first night, the last two performances on Friday and Saturday played to near full houses.

The instructors of the various classes which made the musical possible were high in their praise of the student cast and each voiced appreciation at support given by members of the community.

Said speech and drama instructor Charles Wright, "I was extremely proud of the show and proud for the kids . . . They have done an exceptional job and had something to be proud of."

In citing the students for their work and performances, Wright added, "They had the best attitude of any group I have ever worked with."

Mrs. Charlotte Brantley, whose art classes were in charge of costume design, said she felt pleased. "We never had a more cooperative cast . . . their morale was high and we had few problems."

Of the community's support, Mrs. Brantley said, "We didn't ask for anything we didn't get and the news coverage was great."

She added that she was "real proud" of the students and felt that they had gained tremendous experience from the production. "After all, that's what it's for," Mrs. Brantley said.

Tom Jennings, director of the musical portion of the show, said he felt that this year's production had been the best balanced musical he had ever taken part in. "It was strong in acting, strong in singing and strong instrumentally," he said.

The choir director also credited the cast with tremendous attitude and cooperation.

"We were also thankful for the public support and the coverage given by The Canyon News. I was especially pleased with the attendance, especially considering the number of other activities going on at that time," Jennings said.

Explorers Will Compete In Olympics

As many as 300 Explorers from throughout the Panhandle and Eastern New Mexico are expected to participate March 9 and 10 in an Explorer Olympics to be held in Canyon.

Bob Bentley, with the Boy Scouts in Amarillo, said the Olympics are open to Scouts 14 and older and to Explorers.

The activities will begin during the evening March 9, when representatives of various Explorer Posts in the Canyon-Amarillo area transport a lighted torch from Tradewinds Airport in Amarillo to the Activities Center of the West Texas State University campus.

A coordinating and planning session will begin at 7 p.m. March 9.

Sporting competition begins about 8 a.m. March 10 at the Activities Center.

Events include basketball, archery, riflery, track and field, tennis, volleyball, swimming, bowling and other sports.

Bentley said winners will be awarded medals which are exact replicas of Olympic medals.

The annual Olympics, which have been held for the past four years in Canyon, are co-sponsored this year by the Explorer Division of Boy Scouts and the Amarillo Veterans of Foreign Wars.

Along The Grapevine

By Mary Alice Hines

THE INTERNATIONAL STUDENTS Assc. and guests had a pot-luck dinner in the home of Mr. and Mrs. John Reeves Saturday night. Angel Hortado of Peru was the master of ceremonies. The group enjoyed a variety of dishes from around the world. Several students performed traditional music from their native countries. The evening was a treat for everyone present.

* * *

THE CANYON CHAPTER of the American Cancer Society is preparing for the April fund drive. Benny Cooper is the chairman of the campaign. Any person or group wanting to volunteer their services in this year's Cancer drive, please call Mrs. David Hunt, head of the neighborhood campaign, at 655-2483. The Cancer drive is a worthy service project for any group or club, please consider it.

* * *

"OKLAHOMA," THE CANYON High School musical, was a smashing success. As I told Tom Jennings, musical director of the play, it was much better than I had expected and I had expected a lot from a Canyon High presentation. My special bouquets to Lauran Fulton's delightful voice, to Mike Demus' strong performance and to Kelly Forehand's good portrayal of Jud and his excellent vocal abilities. Gary Cox showed us the qualities of true comedy as he gave his witty lines in a way that insured laughter. Julie Whittington's Ado Annie and Carol Robinson's Aunt Eller were both good portrayals. Julie Brantley displayed her fine dancing abilities in the effective dream ballet. A comer to watch for in future CHS productions is Phil Davis. His supporting role of Ike Skidmore was well done. Vern DeWees also was delightful as the marriage-leery Ali Hakim. My applause goes to the orchestra for three hours of enjoyable music and I know how much practice is involved to produce this much excellent music. My thanks go to Richard Rodgers, Oscar Hammerstein, Charles Wright, Charlotte Brantley and the many students involved behind the scenes for a wonderful night of drama and music.

* * *

MY FOLKS WERE in Ft. Worth last weekend and they saw the Fred Waring show there. They said it was really something! Waring and his Pennsylvanians received several standing ovations. His show will be presented at 8:00 p.m. on March 3rd at the Civic Center Coliseum in Amarillo.

* * *

DICK AND JO Jackson hosted a weiner roast Sunday afternoon for the Searcher Class of the United Methodist Church. They sure put on a good feed.

* * *

LAST MONDAY NIGHT Mrs. J.M. White displayed her collections of acquisitions from around the world to members of the Alpha Theta Delta Chapter of Beta Sigma Phi at their meeting in her home. Mrs. White is the sponsor for the group. She discussed her travels and showed the favorite objects she brought home from each country. My favorite was an alabaster lamp shaped in the form of a rose from Acapulco. Mrs. White is a dear, gracious lady and we appreciated her sharing her experiences with us. She also served the most scrumptious dessert and I got the recipe for you.

LEMON BISQUE

1 13 oz. can of pet milk
1 pkg. lemon jello
1¼ cup boiling water
1/3 cup plus 1 tbsp. sugar
⅛ tsp. salt
3 Tbsp. lemon juice
2½ cups crushed vanilla wafers
Grated rind of one lemon

Put milk in the freezer one hour before starting or let it set overnight in the refrigerator. Prepare the jello with the water and allow it to congeal until softly set. Add sugar, salt and rind to the lemon juice and blend with the jello. Whip the milk until thick, then add to jello mixture and stir. Butter an oblong dish and line with crunched vanilla wafers. Pour mixture into dish and chill until set. Garnish with marachino cherries and pecan bits. This serves 10 large servings.

While lingering at Mrs. White's to obtain this recipe, her daughter-in-law, Mrs. Murphy (Shirley) White dropped by. She had just been to a style show at De'on's sponsored by the Zeta Tau Alpha Alums. All of the Canyon Alum groups were invited, the Chi Omegas, the Alpha Delta Pi's, the Delta Zeta and the Kappa Deltas. Shirley said it was a fun evening. A bunch of women seeing the new spring fashions—how could it miss! Canyon men better put a lock on their billfolds. That's all for now—y'all call me if you have any news—655-9978.

CHS Choir Makes Good Showing

The Canyon High School Choir walked away from the University Interscholastic League's regional contest with several number one and number two ratings following competition held Saturday at West Texas State University.

Choir Director Tom Jennings said the Solo and Ensemble contest pitted Canyon choir members against choirs from schools throughout the Panhandle.

In solo, number ones were earned by Phil Davis, John Boone, Julie Brantley, Julie Whittington and Edna Glovier. Number two ratings went to Pam Stribling, Raydell Bayless, Lauran Fulton, Teresa Moore, Judy Carpenter, Russell Killingsworth and Robin Tannery.

In piano solo, number one ratings were won by Larry Caviness and Nancy Winn, while Cindy Johnson and Marla Phillips picked up number two honors.

A quartet made up of Brenda Oliver, Pam Lightfoot, Dennis Gottsch and David Wetzell finished the day with a number two, and of the three madrigals entered, two earned number ones.

One top-rated madrigal was composed of Virginia Branstetter, Georgia Branstetter, Nancy Winn, Kaycee Martin, John Boone, Pam Stribling, Edna Glovier, Phil Davis, Brad Phillips and Glen Holcomb.

The other number one madrigal included Julie Brantley, Lauran Fulton, Julie Whittington, Teresa Moore, Kelly Forehand, Sheryl Bellah, Raydell Bayless, Gary Cox, Cole Lippold and Glen Holcomb.

The madrigal rated with a number two was made up of Debbie Garrett, Sue Fischbacher, Mary Eggemeyer, Mackie Williams, Kevin Raef, Dennis Goetsch, Don Bentley and Mark Handley.

On March 21, the Canyon choir will participate in group competition to be held at the Civic Center in Amarillo, Jennings said.

Buff Season To End Saturday

West Texas State's Buffaloes close their 1972-73 basketball season Saturday night in Las Cruces, N.M., against the New Mexico State Aggies.

Saturday's game will be a rematch of a Tuesday night contest in Amarillo's Civic Center. The Aggies shot 59 per cent during the first half and went on to down the Buffaloes, 108-81.

The final 53.2 shooting percentage of the Aggies was their highest of the season.

Thursday's loss dropped the Buffaloes to a 9-16 mark for the season and 2-11 in Missouri Valley Conference play. The Aggies pushed their season mark to 9-14 and their MVC record to 3-8 with the win.

Jerry Christian, who is leading the Buffaloes in scoring during MVC play, paced the Buffaloes Tuesday with 24 points. Reginald Ramey contributed 13 points, while Jay Benn and Hector Rodriguez had 10 each.

John Williamson, junior Aggie guard, scored 32 points to pace the victory. Roland Grant, 7-1 center, scored 22 and Hal Robinson 19.

Coach Lou Henson's Aggies rolled up a 62-29 lead at halftime, during the time they were shooting 59 per cent. They stretched that margin to 90-49 with 12 minutes remaining to play.

It was the first time in four years the Aggies had managed to defeat West Texas State on its home court. It was also the first Missouri Valley Conference meeting of the old rivals. Both schools were taken into the conference in 1970 and this is their first year to compete for Valley honors in basketball.

In the second half the Buffaloes got their forces together and outscored New Mexico State, 52-42, but the first half shooting by the Aggies was too much to overcome.

New Mexico State, which held a 24-11 first half rebounding edge, managed to win the board battle, 51-49. Reginald Ramey pulled in 12 rebounds to lead the Buffaloes and Grant grabbed 15 missed shots for the Aggies.

WT Netters To Corpus

West Texas State's tennis team opened its rugged schedule Wednesday in Abilene and then plays this weekend against some of the nation's better teams.

The Buffaloes faced Hardin-Simmons in Abilene Wednesday on their way to the Corpus Christi Invitational Tennis Tournament. Entered in that tourney are national powers as Rice, SMU, Houston, Oklahoma, Trinity, Corpus Christi and Oral Roberts.

Among the other entries are Oklahoma City, Texas A&M, Texas Tech, University of New Mexico and the University of Texas.

Mike Bolton, senior from Vancouver, B.C., will play number one for the Buffaloes this spring and team with junior college transfer Bill Marsh of Arkansas City, Kan., to form the number one doubles team. Marsh plays number two in singles.

Other Buffalo players on the trip are Dale Corbin, John Phillips, Joe Carrick and Schoo Pool.

Palisades Palaver

New Bird Houses Up

By MILDRED TURNER

ALTHOUGH OLD MAN Winter is still having a fling and the snow fell beautifully last Thursday, the birds or Palisaders did not take him too seriously. I saw a tree full of robins recently.

GENE WEBB REHUNG (is that a new word?) his bird houses so they will be more secure. Gene decorates his bird houses in enticing, attractive colors and outside of some he has put a mirror so the birds can check to see if their feathers are straight before going "out." Judy said she and Gene watched the birds for about two hours one morning as they were apartment or house hunting. Some would go on while others would immediately feel at home and start building the nest. One couple started cleaning up at once; the prior tenants had left the place in a mess. They took the "trash" out and built a new nest.

I GOT SOME of my houses painted recently, some I bought and I made some of gourds. After drying out, I cut the door, removed the seeds, sprayed with bright colors and the small birds love them. Someone said the Blue Jays are back, and of course we enjoy the Road Runners, Woody Woodpeckers, Cardinals and many others the year around. I want to find a book of the birds of the Panhandle. Mine is so general. We keep the binoculars handy to aid in our bird watching.

THIS CANYON WAS buzzing like bees over the weekend as people were out walking, riding or entertaining friends. The Vaughns had Jimmie and Rhonda out one night and Sunday their cousins were out. Mr. and Mrs. L.T. Lynns played "42" and "10 point pitch" with them.

MR. AND MRS. Curtis Timmons guests were her brother and his wife, Dr. and Mrs. Leland Wetzel of Springfield, Mo. By the way, I heard that Bridget Timmons (Curt and Elizabeth's daughter) is getting to be quite a seamtress. She made some of the costumes for the recent play "Oklahoma." I saw some of her work when she was quite young and it was outstanding.

BOBBY AND BARBARA Hall were out painting the trim on their house a pretty aqua color. We chatted for awhile about the improvments going on in the canyon, also they asked questions concerning the new Palisades Sunday school. Bobby said Morris Cobb used to be his Sunday School teacher.

BELVA TURNER, WITH several friends cycled down to Canyon to the museum. She was amazed at the change so if you haven't gone lately, go visit the museum.

THE DON BAILEYS' and Orville Ladehoff's went to the Palo Duro Canyon Sunday afternoon. Janet and Sheree Turner played volley ball with some of the kids from church.

RHONDA WEBB WENT motorcycling with friends, while Karen Carlile was sick in bed. Only recently Karen got to go skiing near Taos, New Mexico, with a church group of about thirty five. They got settled Friday in time for an evening devotional. Saturday was spent skiing and came home Sunday evening. Karen enjoyed it so much, she's ready to go again.

BUSTER AND MARCELLA Carlile have not had a pastor lately so are very happy about getting a new one. Buster and two men from the church (Bell Avenue Baptist) flew over to Arizona to help drive trucks of furniture to Amarillo moving their new pastor.

WE WERE SORRY to hear of Jack Inman loosing his brother Harry Inman. Jack, Lorraine and girls went down to Dallas for the funeral over the weekend.

CHRISTY FLEMING (ELEVEN year old daughter of Paul and Kathy) had a birthday Feb. 21 and celebrated with a party Friday night. After a spaghetti supper, skating at the Jubilee Rink, they came back for more fun at home. One of her gifts was a ten-speed bike. Those attending were: Lisa Williams, Jana Penny, Cathy Webb, Jana Brooks, and Susy McDonald. According to one of the girls they had a grand time. One of the girls even went to sleep and the others tried to figure out what she said in her sleep. I wonder why these are called "Slumber Parties?"

THE PALISADES CLUB board meeting met with Paul Fleming the third Tuesday evening. There was discussion and plans for getting the roller rolling, improving the roads. The Box Car Bridge is going to be cut down at last, enlarged, with large walk ways including rails similar to the one finished beyond the Y. There are to be safety posts, shrubbery and when it is painted this bridge will be very picturesque in the setting. Many of our men have already volunteered their talents and money for this project. The top which is cut off will be moved to club property and used for a storage place for the fire truck. I think this is a wonderful idea. I got so excited when Paul was telling me what all they are planning to get done. Let's all work together. They say it's better to get a hundred men working than to do a hundred men's work! If you are not on a committee, call and get on one. If you are too busy, write out a check and send to the president, treasurer, secretary or any one of the board members (specify which project it is for). This is needed and appreciated. Also dues run out right away so can be paid anytime now.

THE GATE COMMITTEE (I'm on that one) has been waiting on the weather and our excuse is about to run out shortly! Several have talked to me about cleaning the creek banks which is very important. Huge fallen trees are a threat to our bridge in time of flooding. If you are new, you may be laughing, but old-timers know we will have water and it's better to be safe than sorry. These pretty days let's all get our creek cleaned and ready for the spring rains.

THERE WAS A lady at our last picnic telling me about all the goodies with which she can help us to beautify our canyon. Will you please call me? 622-0701.

THE PALISADES HOME Demonstration Club has already started plans for spring and summer money making as well as social togetherness programs so that our canyon will be more beautiful and we will be closer friends and neighbors.

AS I SAT down at my picnic table I could hardly write for looking around, it was such a heavenly day. This little poem came to me out of the clear blue as I sat there under the trees:

HEAVEN ALSO

When I see a bird flying in the air;
When I smell the fragrance of a rose so fair;
When I spy a rabbit hopping in the briar;
When I view the rainbow's colors rare.

When I behold the beauty of sunsets, too,
Sending forth its rays in colors of every hue;
When I pick a daisy that's blooming just for me;
When I pull the petals to see if "he" loves me.

When I look up to lofty mountains' height;
When I hear the crickets' concert in the night;
When pausing by the brook I see a fern so neat;
When I look out o'er the great ocean deep.

Then . . . my heart beats faster in my breast,
I feel so elated . . . I feel so very blessed. . .
God . . . our Creator, who made all this and more
Just for you and me to enjoy forever more.

Mildred Turner

David Anderson and Gary Bednorz this week were getting ready for their Canyon High School's track team's next outing, a meet at Vernon scheduled for Friday and Saturday.

Injuries and conflicts in various activities are hampering the team's track efforts early in the season, said coach Ron Mills.

CHS Tracksters "Looking Good"

Despite the cold, mud, snow and ice, the Canyon High School varsity track team made a commendable showing at the Plainview Relays held last Saturday.

Competing against eight AAAA schools, the Eagles made the trip with only about half their team. Several were out with injuries and others were kept away by conflicting school activities, said coach Ron Mills.

Canyon scored 31 points while finishing fifth in the 440 and mile relays, second and third in the discus throw and second in the 880.

Two schools, Pampa and Snyder, dropped out of competition after the morning field events, apparently due to the severe weather conditions.

Running the relays were David Anderson, a starter, and replacements Dwayne Evans, Craig Green and Steve King.

Chip Van Pelt came in second in the discus toss with a distance of 138 feet, and Bob Counseller gained third spot with a throw of about 135 feet.

Dwight Harper turned in what coach Mills called "our top performance of the day" when he finished second in the 880 with a time of 20.88. The winner came in with a 20.81, which Mills called an excellent time considering the weather and track conditions.

"We just ran for the experience and conditioning," Mills said after the meet with the larger schools. "It will be three weeks before we have a full squad," he said, adding that many other school activities during that time will keep his athletes away from competition.

To point out the severity of conditions at Plainview, Mills noted that a sprinter who last year ran the 100-yard dash in 9.6 posted a time of 10.3 Saturday.

Looking toward the full track schedule, Mills said the Eagles chances for winning the district title are excellent this year. "If we avoid any more injuries. We are strong in field events," he said.

In field events, the weight men are Bob Counseller, Chip Van Pelt, Matt Hanson and Ronnie Cates, all point scorers in the district last year. They're getting a slow start in track due to the basketball season keeping them from already being in top form, Mills said.

Other contenders for the weight events this year are Kelly Forehand and Mark Prichard.

Gary Bednorz, who won the district last year with a 6'3" jump, is the team's high jumper, and Garre LaGrone and David Anderson are the pole vaulters. LaGrone, who has a 12 foot vault to his credit, is injured and may be out for three or four weeks.

Bill Moore, who won the district last year with a broad jump of 19'6", is expected to again excell in that category.

Hurdlers are Ed Lair, Terry Slagle, Russell Killingsworth and Glen Holcomb.

In addition to Anderson, other mainstays on the relay team will include Steve Williams, Raby Ratliff, and Kent Zevely.

Anderson, Harper, Zevely, Ratliff and Kirk Schnack will also run in the middle distance races.

To go along with their strength in the field events, Mills expressed the hope that his distance runners would round into shape and give the Eagles a well rounded team.

The schedule includes the Vernon Relays on March 2 and 3; Sunray Relays on March 10; Perryton Invitational on March 17; Dumas Relays on March 24; Amarillo Relays on March 30 and 31; District Track Meet in Canyon April 7; a Regional Meet April 12 and 13; and the State Meet May 3 through 5.

"Right now we're looking pretty good," said coach Mills. "We just need to get all of the team together and get our injuries cleared up."

In JV competition at Plainview, Adrian Foil, Canyon sprinter, picked up four points.

The meet, in addition to serving as a practice session for the CHS thinclads, also gave them an opportunity to try out the new hooded jackets recently bought by the Eagle Booster Club. "They were great . . . the boys put them to good use and they were really appreciated," said Mills.

A&M Students Ranked At Top

Five Canyon students have earned "Distinguished Student" ranking at Texas A&M University, announced Registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the previous semester.

"Distinguished Student" ranking is limited to 10 per cent of TAMU's undergraduate enrollment.

Canyon students are: Dwight L. Brandt, freshman civil engineering major; James D. Breitling, senior agricultural economics major; Michael Way Breitling, junior agricultural economics major; William R. Lumry, senior mechanical engineering major and Billy Lee Reynolds, junior mechanical engineering major.

Capers Welcome Teen Twirlers

Canyon Capers welcomed guests from the Teen Twirlers Monday night at the Activities Center at West Texas State University.

The square dance group dances every Monday night from 8 to 10:30 p.m. at the WTSU Activity Center to the calling of Knox Day.

Tech Professor To Speak Today

Dr. John W. Hawley, professor of geology at Texas Tech, will speak at 7:30 p.m. today to West Texas State University students and interested local residents in room 221 of the University Complex South.

Dr. Hawley will speak on Quaternary Geology and Geomorphology of West Texas and Southern New Mexico.

A professor at Texas Tech for two years, Dr. Hawley received his bachelors degree from Hanover College and his PhD. from Illinois University in 1962.

Dr. Gerald Schultz, professor of geology at WTSU, said the presentation will be semi-technical in nature.

Umbarger News

Games Night Scheduled March 8

By REBA RAEF

HELLO, AGAIN, FROM Umbarger. My, but wasn't today (Monday) a beautiful day? We sure did enjoy the warm weather.

KENNETH WIECK, SON of Eddie and Armella Wieck, was inducted into Alpha Chi, national scholastic honorary society. Ceremonies were held Sunday, February 25, at 3 p.m. in the Activities Center of West Texas State University. To be eligible to join Alpha Chi, one must have good character and have a high scholarship. Kenneth is in the upper ten per cent of his class. He is a junior and is majoring in finance and business administration. Our congratulations to Kenneth, also Eddie and Armella.

MR. AND MRS. Henry Bracht and Mr. and Mrs. George Hund, of Hereford, left Monday for Wichita Falls, to attend funeral services for Mrs. Anna K. Marvin, who was a sister of Mrs. Bracht and Mrs. Hund. Mrs. Marvin passed away in Gilroy, Calif. where she made her home.

THE UMBARGER COMMUNITY Association held a board meeting on Feb. 16, in the gym. It was decided to have an informations and games night, on March 8, at 7:30 in the gym. Everyone is invited to attend. Refreshments will be served.

THE KNIGHTS OF Columbus members helped Albert Fischbacher, Jr., harvest his beet crop last week.

WE WOULD LIKE to wish a speedy recovery to Lori Fischbacher, who is a patient in St. Anthony's Hospital, in Amarillo. Also, in St. Anthony's is Mrs. Gertrude Fischbacher. A get well wish to her also. A card to them both might speed their recoveries.

THE BERNARD HARTMANS and the A.R. Friemels were hosts over the weekend to members of a group who participated in the Flying Organizer Program, sponsored by the National Farmers Union, Texas Farmers Union and Potter and Randall County Farmers Union. The Hartmans had as their guests Robert Laumb and Jerold Huber, from Tolley, N.D. On Sunday, the Hartmans took the two on a tour of the Randall County Feedyard and Palo Duro Canyon. They also took them to St. Mary's Church in Umbarger, to see the paintings and art work, which was done by the Italian war prisoners. They then drove them to the Dean Schaeffer home in Canyon, where they spent the night. Guests of the Friemels were Eugene Guthmiller and Dennis Murlock, both from Pettigrow, N.D. The Friemels took them to tour the Randall County Feedyard and the Producers Grain Feedlot. The visitors were very impressed with the size of West Texas State University. They were surprised to see the cattle feeding on sugar beets, still in the fields. I believe the host couples enjoyed the visitors, as much as the visitors enjoyed their visit here.

MRS. ARNOLD WIECK, from Hartley, was honored with a pink and blue shower, Sunday, February 25, in the Ed Wieck home. Some 30 guests enjoyed playing games and visiting. Hostesses were the Misses Elaine Birkenfeld and Mary Ann Wieck and Mesdames Helen Batenhorst, Terri Haschke and Carolyn Wieck.

THE 4-H CLUB members, nine in all, met at the home of Donna and Linda Hartman, on Saturday, to "brush up" on their cooking in preparation for the Food Show, to be held in Canyon, March 31. The girls prepared several dishes, after which they had a "tasting party."

VISITORS IN THE home of Mrs. Ann Evers, and other relatives over the weekend were Mr. and Mrs. Michael Freund, from Kansas City, Kan. They were enroute home from a convention in California. Mrs. Freund is a niece of Mrs. Evers.

THE PISTOLS AND Petticoats Square Dance Club will hold their regular dance, Sunday, Feb. 4, in the parish hall. During intermission, graduation will be held for those who have just finished their lessons. Refreshments will be served.

OH YES, I just want to congratulate all who in any way had any part in the production and presentation of "Oklahoma," given last week by our own Canyon High School kids. Wasn't it just great? I don't think I've seen a better production, ever, staged by a high school group. We sure enjoyed it very much.

WELL, THAT'S ABOUT all for this time. My thanks to those who picked up the old phones and gave me their news. I surely do appreciate their thoughtfulness. How about some more of you doing the same? 499-2164.

Reba

Easter Seal Letters Out This Week

Easter Seal Appeal letters are to be delivered this week in Randall County, according to David West, Easter Seal representative.

As representative, West is contact representative for disabled persons needing rehabilitation services and is also treasurer of the Appeal in the county.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. The services are financed by the annual Easter Seal Appeal.

The campaign continues through April 22.

Boy Eagles Named To All-District

Two members of the Canyon High School boy Eagles have been named to All-District honors and another received Honorable Mention.

The first team selections were Wayne Pitt and Andy Cooper, both high scoring stalwarts all season. Honorable Mention went to Gary Don Byars, also a key player throughout the season.

Coach B. B. Kendrick consistently credited Pitt, Cooper and Byars with leading the basketball team to what he considered a respectable season on the court.

Kendrick is out of town this week and not available to comment on the selections or the possibility that one or more Canyon players might be nominated for All-State honors.

News Brief

A Canyon student at Baylor University, Shelley Davis, has been invited to pledge membership in the Alpha Omega club, one of five women's social clubs on the Waco campus.

Miss Davis, daughter of Mr. and Mrs. William B. Davis of 26 Hunsley Hills Blvd., is a 1972 graduate of Canyon High School. She is a freshman at Baylor majoring in psychology.

About 150 Baylor women currently are pledging membership in seven campus social and service organizations, including Alpha Omega which was formed in 1924 as the first women's social club at the Baptist university.

Senior Recital For Miss Green

Judy Voelkel Green, daughter of Mr. and Mrs. John A. Voelkel of Snyder, will be featured in a clarinet recital at 4 p.m. March 19 in the West Texas State University Fine Arts Auditorium.

A senior student of Rowie Durden of the WTSU music faculty, Mrs. Green is also a drum majorette with the university marching band.

Her program will include three pieces by Handel, "Phantasy Suite" by Dunhill, three pieces by Stravinsky and three bagatelles by Gerald Finzi.

Assisting Mrs. Green in her performance will be Mary Helen Demus, part-time instructor in piano at the university.

The recital is being presented in partial fulfillment of requirements for a Bachelor of Music Degree.

Stock Judgers In Houston For Contest

The West Texas State University intercollegiate livestock judging team will compete in the Houston Livestock Show Friday.

The seven-member team will judge in four classifications, beef cattle, sheep, swine and quarter horses. James G. McManigal of the animal science department is the coach.

Team members are Warren (Rusty) Baker, Canyon senior; Leslie Cleek, Panhandle junior; Steve Herber, Texline junior; Jim Kuykendall, Canyon senior; Eddie Orr, Wellington senior; Keith Phillips, Lockney Junior; and Ted Winfrey, Canyon senior.

The competition concludes the livestock judging season for WTSU.
